His Name Is One Jeff A. Benner,2003 When we read an English translation of the Bible we define the words within it according to our modern vocabulary allowing our culture and language to influence how we read and interpret the Bible The Bible was written by ancient Hebrews whose culture and language was very different from our own and must be read and interpreted through their eyes When we define the names of God using our culture and language we lose the Hebraic meanings behind the original Hebrew names of God Consequently the true nature and character of God is hidden behind the veil of time and culture By understanding the various names of God through the vocabulary and language of the ancient Hebrews the nature and character of God is revealed to us in a new light The prophet Zechariah described the character of God with the words sh mo ehhad translated as His Name is One Zechariah 14 9 This phrase beautifully describes the character of God from a Hebraic perspective that is lost to us through translation and unfamiliarity with ancient Hebrew culture

AUTHORSHIP CONTROVERSY Edward D. Andrews,2019-02-17 Who wrote the first five books of the Bible Was it Moses or was it others centuries later If Moses wrote the first five books of the Bible then how was his own death and burial written in Deuteronomy Chapter 34 Many mainstream Bible scholars argue that Moses could not have written the Pentateuch since he likely existed many centuries earlier than the development of the Hebrew language When was the origin of the Hebrew language Popular scholarship says that if Moses had written the Pentateuch he would have written in the Egyptian language not the Hebrew Moreover most of the Israelites and other people of the sixteenth century B C E were illiterate so who could have written the Torah and for whom would it be written because the people of that period did not read Finally analysis of the first five books demonstrates multiple authors not just one which explains the many discrepancies Multiple authors also explain the many cases of telling of the same story twice making the same events appear to happen more than once The modern mainstream scholarship would argue that within the Pentateuch we see such things as preferences for certain words differences in vocabulary reoccurring expressions in Deuteronomy that are not found in Genesis Exodus Leviticus and Numbers all evidence for their case for multiple authors What does the evidence say What does archaeology linguistic analysis historical studies textual analysis and insights from Egyptologists tell us Again who wrote the first five books of the Bible Was it Moses or was it others centuries later Andrews offers his readers an objective view of the evidence **The ^AOxford Handbook of Language Contact** Anthony P. Grant,2020-01-10 The Oxford Handbook of Language Contact examines the ways in which speakers of one language can exert influence on another language and the ways in which we can assess this influence It draws on data from dozens of languages from across the globe and examines the contact histories of twenty such situations including American Sign Language in detail It is the most up to date book on this topic in the science of language **Comrades and Chicken Ranchers** Kenneth Kann,1993 This book is a portrait of the Petaluma Jewish community from the early years of the century to the present day Kenneth L Kann interviewed more than two hundred residents representing three generations of Jewish Americans The picture that emerges from their testimony is of a

wonderfully animated and fractious community Its history blends many of the familiar themes of American Jewish life into a richly individual tapestry In the first few decades of this century many Jewish immigrants from Russia and Eastern Europe wound up in Petaluma This first generation of chicken farmers consisted largely of educated often professional men and women many were drawn to chicken farming as much by Marxist or Zionist beliefs in the dignity of labor as by economic necessity They helped establish the particular character of a community with its combination of arduous work and cultural aspiration *Unified Jewish Religious Education Curriculum: Adolescent & adult groups* ,1983
