Christian Goddess Spirituality Mary Ann Beavis, 2015-10-08 This monograph focuses on Christian Goddess Spirituality CGS the phenomenon of mostly women who combine Christianity and Goddess Spirituality including Wicca Witchcraft Mary Ann Beavis's study provides ethnographic data and analysis on the lived religious experience of CGS practitioners drawing on interviews of over 100 women who self identify as combining Christianity and Goddess spirituality Although CGS also has implications for Goddess Spirituality and related traditions e.g Neopaganism Wicca here CGS is considered primarily as a phenomenon within Christianity However the study also shows

that the fusion of Christian and Goddess spiritualities has had an impact on non Christian feminist spirituality since Goddess worshippers have often constructed Christianity as the diametrical opposite and enemy of the Goddess to the point that some refuse to admit the possibility that CGS is a valid spiritual path or that it is even possible In addition biblical Jewish and Christian images of the divine such as Sophia Shekhinah the Virgin Mary and even Mary Magdalene have found their way into the Pagan Goddess pantheon The main themes of the study include overlaps and differences between Christian feminist theology and CGS the routes to CGS for individual practitioners and their beliefs practices and experiences proto denominational classifications spiritual paths within CGS CGS theology Christian discourse about the female divine and the future of CGS in social scientific and ecclesiological context Christian Goddess Spirituality will be of interest to scholars of religion especially those with interests in women and religion feminist spiritualities feminist theology theology alternative spiritualities New Religious Movements and emergent Christianities
