deepest closets and become the shame and secret that people hide We are just now achieving a comfort level with sexuality that allows for people to be more open about their desires without persecution Let s start with what kink is and is not Some call it BDSM which simply stands for bondage dominance and sadism masochism The two terms used to be separate and now they are used in unison to describe more accurately the strong connection between the two Kink is many things to many people to some it is the one outlet that can be used to lose complete control and become an obedient submissive To others it is a way to dominate and express appreciation for another through discipline Some practice kinks on themselves and do not require a partner for arousal Kink involves many areas of sexual play and is considered an underground subculture that can be a one time event or a lifestyle With all of the elements available for a kink enthusiast it is difficult to know where to get started for a decent drive by education This book contains a short synopsis of kink but is not a complete education and does not claim to be Kink is a lifestyle and with all lifestyle choices must be experienced and lived to be fully learned I can read a book about surviving in the wilderness but that doesn t mean that I can actually survive *How to Be Kinkier*
