Abubakar, 2024-08-01 The Bible and Sustainability addresses the ecological crisis the world is facing and what the Bible can
teach us about sustainable living Drawing on the interest in the ecological debate generated by Laudato Si this book attempts
to push the discussion beyond intellectual perspectives and help students and researchers apply biblical wisdom to the UN
sustainable development goals It begins with a discussion of what sustainability is and how people planet and profit are
affected by unsustainable practices before exploring four specific biblical practices and their relationship with sustainability
Covenants the sabbatical year monastic communities and the fruit of the spirit It also discusses the creation account and
personalistic nature texts considering the social relationship that humans have with nature Finally it examines an
Augustinian perspective on sustainability which encourages sharing common ownership of property and living simply The
book concludes by inviting governments civil society organizations and academia to bring these biblical practices and
passages into the ecological debate It is an outstanding resource for researchers of the Bible and environment and Religion
