Patterson, 2014-05-15 A decorated World War I veteran Federal Judge Robert P Patterson knew all too well the needs of soldiers on the battlefield He was thus dismayed by America s lack of military preparedness when a second great war engulfed Europe in 1939 40 With the international crisis worsening Patterson even resumed military training as a forty nine yearold private before being named assistant secretary of war in July 1940 That appointment set the stage for Patterson s central role in the country s massive mobilization and supply effort which helped the Allies win World War II In *Arming the Nation for War* a previously unpublished account long buried among the late author s papers and originally marked confidential Patterson describes the vast challenges the United States faced as it had to equip in a desperately short time a fighting force capable of confronting a formidable enemy Brimming with data and detail the book also abounds with deep insights into the myriad problems encountered on the domestic mobilization front including the sometimes divergent interests of wartime planners and industrial leaders along with the logistical difficulties of supplying far flung theaters of war with everything from ships planes and tanks to food and medicine Determined to remind his contemporaries of how narrow the Allied margin of victory was and that the war s lessons not be forgotten Patterson clearly intended the manuscript which he wrote between 1945 and 47 when he was President Truman s secretary of war to contribute to the postwar debates on the future of the military establishment That passage of the National Security Act of 1947 to which Patterson was a key contributor answered many of his concerns may explain why he never published the book during his lifetime A unique document offering an insider s view of a watershed historical moment Patterson s text is complemented by editor Brian Waddell s extensive introduction and notes In addition Robert M Morgenthau former Manhattan district attorney and a prot g of Patterson s for four years prior to the latter s death in a 1952 plane crash offers a heartfelt remembrance of a man the New York Herald Tribune called an example of the public spirited citizen *Expatriate Leaders of International Development Projects* Patricia J. McLaughlin, 2021-04-13 Expatriate leadership of USAID projects is complex this title seeks to unravel those complexities Expatriate leaders frequently find project success elusive due to a multiplicity of factors from adapting to a developing country s socio political economic conditions to USAID s policies This book aims to explain why success is elusive *Congressional Record* United States. Congress, 1999 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873 **EU-NATO Relations** Simon J. Smith, Carmen Gebhard, Nina Graeger, 2020-04-28 For almost fifteen years both the EU and North Atlantic Treaty Organization NATO have claimed to partake in a relationship that is purported to be a Strategic Partnership albeit one that is troubled by lasting political

blockages The constraints that affect the formal relationship between the two organizations are well covered terrain in the academic literature including by most of the contributors to this volume however the popular argument that the EU and NATO simply do not cooperate in any substantive way warrants deeper investigation both theoretically and thematically Thus EU NATO relations might not at first seem like an under researched area but much of the existing literature on the issue re engages oversimplified and formulaic statements about the nature quality and practice of interactions between the EU and NATO This volume aims to develop the EU NATO research agenda by pursuing three key objectives 1 reduce the lacuna of theoretically informed analyses of the relationship 2 add empirically and analytically rigorous case studies to the relevant body of literature and 3 point to possible developments and solutions in the Strategic Partnership The chapters in this book were originally published as a special issue in European Security
