Hope Among Us Yet David P. Peeler, 2008 In *Hope Among Us Yet* David Peeler examines art and literature of the Great Depression to reveal a common pursuit and common dream in the work of writers photographers and painters who turned their talents toward the utter dislocation and despair of 1930s America Thrust out of the gilded world of the 1920s by the extent of the crisis these artists used their canvases cameras and pens to condemn capitalism and seal its demise with stunning evidence of its evils As the years drew on however artists began to dream of a new more equitable social order and the solace of those dreams rather than the earlier vilification came to dominate Depression art Discussing the photographs and paintings many of them reproduced in this book the essays and novels of the Depression era David Peeler shows that in their pursuit of the reality of 1930s America social artists also dreamed of a rebirth of Western art But as American capitalism revived with the onset of World War II hopes for a new order

faded and the vision of the Depression s artists remained the unfilled prophecy of their works *12 Steps to Power Presence* John BALDONI,2010-04-10 *12 Steps to Power Presence* demonstrates ways managers can improve their presence strategically and tactically to develop the trust of their people so that they can accomplish their goals and the goals of the organization There are 12 chapters that will guide you through the process of discovering developing and delivering on your leadership presence **Army RD & A.** ,1999 Professional publication of the RD A community *Army RD & A Bulletin* ,1999 **Focus on International Joint Commission Activities** ,1995 *Secrets of Question-Based Selling* Thomas Freese,2013-11-05 After I sent my team to the Question Based Selling program not only was the feedback from the training outstanding but we experienced an immediate positive impact in results Jim Cusick vice president of sales SAP America Inc Following the program even our most experienced salespeople raved saying QBS was the best sales training they have ever experienced Alan D Rohrer director of sales Hewlett Packard For nearly fifteen years *The Secrets of Question Based Selling* has been helping great salespeople live you deliver big results It s commonsense approach has become a classic must have tool that demonstrates how asking the right questions at the right time accurately identifies your customer s needs But consumer behavior and sales techniques change as rapidly as technology and there are countless contradictory sales training programs promising results Knowing where you should turn to for success can be confusing Now fully revised and updated *The Secrets of Question Based Selling* provides a step by step easy to follow program that focuses specifically on sales effectiveness identifying the strategies and techniques that will increase your probability of success How you sell has become more important than the product With this hands on guide you will learn to Penetrate more accounts Overcome customer skepticism Establish more credibility sooner Generate more return calls Motivate different types of buyers Develop more internal champions Close more sales faster And much much more *Uncertain Warriors* David Fitzgerald,2023-11-09 In an era where history had supposedly ended what was an Army for This question confronted the US Army at the end of the Cold War Although public support for the military remained high fewer were sending their children to enlist and questions were raised about the uncertainty of future operations How would Army leaders prepare soldiers for difficult peacekeeping operations that called for a more human oriented approach in light of the promises of high tech warfare How best to navigate the broader debates about changing gender and sexual norms in American society Pulled in different directions the Army struggled to put forward a compelling vision of who and what the American soldier should be In *Uncertain Warriors* David Fitzgerald reveals how in response to this uncertainty they eventually fell back on an older vision of martial masculinity embracing a warrior ethos that was meant to define the contemporary American soldier *Military Review* ,2000 *The Water Is Always Deeper in the Deep End* William L. Hawkins Jr.,2012-05-18 *The Water Is Always Deeper at the Deep End* is an easy to read collection of lessons I have learned over time that are directly related to my attitude towards situations I have faced in my life I refer to these lessons as Deep Water because thats exactly how I felt like I was in deep water just trying to

survive Many of those times were very painful very anxious and very uncertain These lessons come primarily from people whose paths I have had the privilege of crossing Theyre not only my experiences but the experiences of others as well I am in a constant pursuit of wisdom and character development and believe this pursuit lifelong I believe I can always stand to grow wiser and my character be further developed I believe this constant pursuit can only help me in my future endeavors and hopefully help you in yours
