

The Cold War Heats Up

As the post-war world developed, the two superpowers began competing to see which could apply greater force.

	United States Policies	Soviet Union Policies
1. Would it make any sense to build nuclear weapons and test?	That is to be determined after consultation of military and states.	
2. Would anyone benefit from the nuclear war considered by each?	Many people would be killed. Others would lose their jobs. The world would be in a state of chaos. No one would be able to live.	Many people would be killed. Others would lose their jobs. The world would be in a state of chaos. No one would be able to live.
3. Would anyone believe in the war?	No one would believe in the war.	No one would believe in the war.
4. Would the war be a success?	No one would believe in the war.	No one would believe in the war.

As the world developed, the two superpowers began competing to see which could apply greater force.

Many people would be killed. Others would lose their jobs.

The world would be in a state of chaos. No one would be able to live.

No one would believe in the war.

No one would believe in the war.
