Guides And Guards Of The Generals 1792 1815 Officers And Soldiers

Kevin F. Kiley

Guides And Guards Of The Generals 1792 1815 Officers And Soldiers:

OFFICERS & SOLDIERS of the FRENCH GUIDES and GUARDS of COMMANDING GENERALS and HEADQUARTERS 1792-1815 Didier Davin, André Jouineau, 2011 The guide and guard units formed out of the necessities of war and in close contact with the general staff as escorts guards and messengers quickly became an object of attention for the generals as they were emblematic of the military prestige of their leaders and represented a veritable praetorian guard The highest in perfection were those surrounding Bonaparte with Bessi res at the head one of the core components of the future Imperial Guard The guards would be present in almost all the armies of the Republic from the Consulat and the Empire and yet today they are for the most part completely forgotten They served some of the most prestigious leaders the Emperor being at the top Anywhere the Republic and then the Empire would stake their tricolor flags the guards would be there Volume Six in the Officers and Soldiers series strives to reconcile the injustice inflicted upon these elite soldiers

ILLUSTRATIONS Illustrated throughout **Artillery of the Napoleonic Wars, 1792-1815** Kevin F. Kiley, 2004-01-06 An extensive look at the large caliber guns of the Napoleonic period the battles in which they were used and the important figures in those conflicts In this heavily researched study Kevin Kiley examines Napoleon s own artillery as well as that employed by his enemies and he evaluates the gunners contribution to warfare in the period By looking at particular battles in detail Kevin Kiley shows just how the effective employment of artillery could tip the scales of victory Artillery of the Napoleonic Wars reveals much of the technical aspects of gunnery during the period how guns were placed their range what calibers were preferred how artillery operates It examines French artillery including that of the Imperial Guard and compares it to that of Britain Russia and Austria it also looks at many of the personalities involved and the difference between good gunnery and mediocre artillery Illustrated with beautiful line drawings and rare contemporary plates this unique book reveals a whole new dimension to the Napoleonic period Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports this is a definitive account This must undoubtedly become the standard work for anyone interested in the artillery of the period Waterloo Journal **ABT755 - IMPERIAL GUARD OF NAPOLEON 1799-1815 , A Guide to the Documents in the Manuscript Room at the Public Archives of Canada** Public Archives of Canada, David W. Parker, 1914 [The Students' Guide to the Libraries of London](#) University of London, Reginald Arthur Rye, 1927 *British Cavalryman 1792-1815* Philip Haythornthwaite, 2012-04-20 In the campaigns of the French Revolutionary and Napoleonic Wars the deserved reputation of the British infantry has tended to overshadow the contribution of the cavalry but in fact they did form an integral part of the army carrying out duties crucial to the success of other arms British Cavalryman 1792 1815 recounts what these duties were and examines the men who performed them The different regiments of the cavalry are listed and some of the arm s more exotic or professional corps such as the King s German Legion examined **The Waterloo Armies** Philip

Haythornthwaite, 2007-10-18 German troops formed the majority of Wellington's forces present at the Battle of Waterloo including those of Nassau Brunswick Hanover and the King's German Legion and they have left a large number of first hand accounts of their role in the battle. The actions of the King's German Legion an integral part of the British Army and partly officered by British soldiers has been published in English but to a limited degree. Herbert Siborne published letters written to his father Ompteda and Wheatley have had their memoirs published and History of the King's German Legion included a small number of letters including the oft misquoted account of the defence of La Haye Sainte by Major Baring. This forms a tiny proportion of the German material available. Therefore it is not surprising that early British histories of the battle have largely sidelined the achievements of the German troops and this has been regurgitated by most that have followed. This situation did not change until the 1990s when Peter Hofschroer published his two volume version of the campaign from the German perspective which included snippets of German documents published in English for the first time. But even this proved not totally satisfactory as it did not provide the whole document to allow full interpretation. There is a great need to provide an English version of much of the original German source material to redress the imbalance. This volume is intended to remedy that situation by publishing sixty of these reports and letters fully translated into English for the first time giving a clearer insight into the significant role these troops played. Gareth Glover is a historian specialising in the Waterloo campaign and the Peninsular War. He left school at eighteen to join the Royal Navy as a Seaman Officer and completed his extensive training course at Dartmouth College. He has published articles in The Waterloo Journal and the Journal of the Royal Artillery and a novel about Waterloo. Voices of Thunder Christmas Selection 2010 Napoleon.org website [Artillery of the Napoleonic Wars: A Concise Dictionary, 1792-1815](#) Kevin F. Kiley, 2021-03-15 A comprehensive military history reference book exploring all aspects of the artillery used during the Napoleonic Wars. Napoleon began his military career as an artillery cadet and artillery played a fundamental part in all his great battles. Until the Napoleonic Wars artillery had been seen merely as a supporting arm to the infantry but Napoleon changed everything. He massed his guns in huge batteries to blast holes in his opponent's line. He even used the artillery to charge the enemy the gunners galloping up to the enemy to open fire at pointblank range. Napoleon's opponents did not all follow suit choosing other tactical deployments. As a result the Napoleonic era more than any that preceded or followed it was one of fascinating artillery maneuvers and critical actions that changed the course of many of the key battles. As the Prussian Field Marshal Blücher once observed Against Napoleon you needed guns and lots of them. The Napoleonic Wars was also a time of innovation with the introduction of shrapnel shells and military rockets. This book will examine the artillery arms of all sides from muzzle to butt plate. As well as the significant artillerymen of the period the scientists and innovators military and civilian individuals such as Robins, Belidor, Gribeauval and his colleagues Maritz, Liechtenstein and his collaborators as well as the du Teil brothers will all be examined as will the important battles and sieges significant memoirs and documents and artillery terms that soon became part of the military

lexicon Written by the renowned historian Kevin F Kiley this will be the definitive book on the subject and will cover all aspects of artillery in the Napoleonic Wars This is a wonderfully complete induction into the details of Napoleonic Artillery As well as defining some of the archaic terms associated with the art of gunnery note point blank is not what we mostly believe it to be it provides background to the careers of the key characters in the science The book contains many excellent technical drawings to explain sketches and images to inform and data tables in the appendix to which to refer Overall it is an indispensable aid to understanding the artillery of the period Michael McCarthy battlefield guide

The Russian Officer Corps of the Revolutionary and Napoleonic Wars Alexander Mikaberidze,2022-05-20 The Russian Officer Corps of The Revolutionary and Napoleonic Wars 1795 1815 features more than 800 detailed biographies of the commanders of that era Foreword by Professor Donald H Horward Institute on Napoleon and the French Revolution Florida State University Based upon years of research in Russian archives historian Alexander Mikaberidze s biographies include the subject s place of birth family history educational background a detailed description of his military service his awards and promotions wounds transfers commands and other related information including the date and place of his death and internment if known In addition an introductory chapter presents in meticulous detail the organization of the Russian military how it was trained the educational and cultural background of the officer corps its awards and their history and meaning and much more This outstanding overview is supported and enhanced by three dozen charts tables and graphics that illustrate the rich history of the Russian officer corps This study also includes an annotated bibliography to help guide students of the period through the available Russian sources Stunning in its scope and depth of coverage The Russian Officer Corps is essential reading for historians scholars genealogists hobbyists war gamers and anyone working or studying late eighteenth and early nineteenth century European history Every student of the Revolutionary and Napoleonic Wars as well as every academic library will find this impressive reference work of this momentous period of history absolutely indispensable

The Militia and the National Guard in America Since Colonial Times Jerry M. Cooper,1993-07-27 This research guide fills a major gap in the literature about the citizen and volunteer soldier in American military history and explains how to conduct research on the subject and to explore fruitful areas for future study Professor Cooper gives a brief historiography and points to the 50 most important studies on America s militia and National Guard A carefully annotated bibliography provides basic information about 406 books dissertations and journal articles Chapters cover different historical periods and topics including African Americans for the easy use of students scholars and researchers in history and military studies as well as for history buffs wanting to learn more about the Guard Author and subject indexes add to the usefulness of the volume

Waterloo Battlefield Guide David Buttery,2013-05-20 A British military historian offers an expert introduction to The Battle of Waterloo in this

essential companion for battlefield visitors In Belgium on June 18th 1915 the Battle of Waterloo marked the climax of the Napoleonic Wars and a major turning point in world history The combined forces of the Duke of Wellington and Field Marshal von Blücher delivered a devastating defeat to Napoleon Though the outcome would have a major influence on the shape of Europe for more than a century the battle itself cannot be properly understood without a detailed study of the landscape in which it was fought Using eyewitness accounts and an intimate knowledge of the terrain historian David Buttery vividly reconstructs the events of Waterloo as he takes readers across the battleground as it exists today He provides essential context for understanding pivotal episodes in combat including the day long struggle for the chateau at Hougoumont the massive French infantry assaults repeated cavalry charges the fall of La Haye Sainte the violent clashes in the village of Plancenoit the repulse of the Imperial Guard and rout of the French army
