Luther's Works Martin Luther, 1961 *Luther's Works* Jaroslav Pelikan, 1958 *Global Migration and Christian Faith* M. Daniel Carroll R., Vincent E. Bacote, 2021-12-29 Human history is the history of migration Never before however have the numbers of people on the move been so large nor the movement as global as it is today How should Christians respond biblically theologically and missiologically to the myriad of daunting challenges triggered by this new worldwide reality This volume brings together significant scholars from a variety of fields to offer fresh insights into how to engage migration What makes this book especially unique is that the authors come from across Christian traditions and from different backgrounds and experiences each of whom makes an important contribution to current debates How has the Christian church responded to migration in the past How might the Bible orient our thinking What new insights about God and faith surface with migration and what new demands are placed now upon God's people in a world in so much need *Global Migration and Christian Faith* points in the right direction to grapple with those questions and move forward in constructive ways

Making Room, 25th anniversary edition Christine D. Pohl, 2024-01-16 Hospitality is the heart of Christian ministry To the early Christians hospitality was central to the gospel mission This hospitality did not consist of entertaining neighbors but welcoming the stranger especially those who could not return the favor Yet despite urgent need hospitality has fallen by the wayside Christine Pohl's classic work *Making Room* first spoke to this issue in 1999 And it is just as relevant today with the refugee crisis the rise in homelessness and growing loneliness and isolation This revitalized edition with a new foreword and afterword by the author introduces the theology of hospitality to a new generation Pohl combines rich biblical and historical research with experience in contemporary Christian communities including the Catholic Worker L Abri Good Works Inc and others Pragmatic and thoughtful Pohl deals frankly with both the blessings and the boundaries of hospitality Readers will find a wealth of wisdom to revive authentic hospitality in their ministry [Debating James White: Shocking Failures of the "Undefeatable" Anti-Catholic Champion](#) Dave Armstrong, 2013-11-01 The anti Catholic is one who thinks that Catholicism is not a Christian system of theology and that to be a good Christian and get saved one must be a bad Catholic that is reject several tenets of Catholicism James White Reformed Baptist is the leading and most influential anti Catholic today He specializes in debates preferring moderated oral debates I prefer written debate This book features twelve back and forth debates with James White and also critiques or refutations of his writings For those who agree with me that written back and forth substantive exchanges are worthy of the name debate this book will be a hopefully helpful close examination of the flawed theology of James White and his critiques of Catholicism I'm happy as always to present both sides and let the reader judge This is the beauty of dialogue Readers may take in the arguments and data of both proponents in a dispute and exercise critical faculties in order to decide where the truth is to be found **Beyond Integrity** Scott Rae, Kenman L. Wong, 2012-02-21 Integrity is essential to Judeo Christian business ethics But today's business environment is complex Those

in business and those preparing to enter the business world need to grapple with the question of how integrity and biblical ethics can be applied in the workplace They need to go beyond integrity in their thinking Beyond Integrity is neither excessively theoretical nor simplistic and dogmatic Rather it offers a balanced and pragmatic approach to a number of concrete ethical issues Readings from a wide range of sources present competing perspectives on each issue and real life case studies further help the reader grapple with ethical dilemmas The authors conclude each chapter with their own distinctly Christian commentary on the topic covered This Zondervan ebook of the third edition has been revised to provide the most up to date introduction to the issues Christians face in today s constantly changing business culture Revisions include 30 new case studies 13 new readings 50% substantially revised sidebars that reflect the issues in the news and business press summaries and material for discussion **Working for the Public Good** Leslie F. Weber, Jr.,2025-10-21

Despite critiques of quietism European Lutherans fostered social ethics that produced systemic structural changes in social services law education health care states and nations and public morality and eventually led to the welfare state Grounded in faith active in love for the neighbor Lutherans transformed northern Europe *Homosexuality: How Should Christians Respond?* Richard F. Lovelace,2002-04-30 In recent times the question of homosexual rights has burst upon the scene becoming a burning emotional controversy Many church leaders have become embroiled in debate and entire denominations are sharply divided over this issue Though the church has traditionally served as a moralistic commentator on the sidelines it now finds itself in the middle of this controversy Should self affirmed sexually active homosexuals be ordained as ministers Should they even be welcomed as fellow believers How should the Bible be interpreted and what is its role in ethical guidance of reason experience and the Holy Spirit Should the church tolerate a diversity of convictions and life styles in its sexual ethic In *Homosexuality How Should Christians Respond* Dr Richard F Lovelace deals with these questions from an evangelical point of view He presents the historic church position from Augustine to Theilicke and surveys and analyzes the literature of recent decades which challenges the historic position Biblical texts that speak specifically on homosexual behavior are studied extensively and brought into sharp focus by corollary Scripture passages This is an intensely practical book sensitively written to help the church reach out to the needs of homosexuals in constructive and compassionate ways

The Word of God for the People of God ,2010-01-04 This book fills a real need for pastors and students Though there is currently a large body of material on the theological interpretation of Scripture most of it is highly specific and extremely technical J Todd Billings here provides a straightforward entryway for students and pastors to understand why theological interpretation matters and how it can be done A solid constructive theological work *The Word of God for the People of God* presents a distinctive Trinitarian participatory approach toward reading Scripture as the church Billings s accessible yet substantial argument for a theological hermeneutic is rooted in a historic vision of the practice of scriptural interpretation even as it engages a wide range of contemporary issues and includes several exegetical examples that apply to concrete

Christian ministry situations **Humanity** John S. Hammett, Katie J. McCoy, 2023-09-01 Humanity by John Hammett and Katie McCoy is an urgent theological study of the doctrine of humanity The authors shed light on the philosophical cultural and spiritual influences that constantly challenge the dignity of human existence Death Until Resurrection Joseph Saligoe, 2020 What really happens to the soul when people die This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer It demonstrates that Luther constantly taught over the last twenty four years of his life that death is like an unconscious sleep It also shows why this matters today for Christians Death until Resurrection is a great first step in understanding God's plan for renewal of the creation that can alleviate our common fears about death Seeing what exactly the scriptural writers meant regarding death as interpreted by one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection the nature of hell and eternal life through salvation This book offers that which very few writers on Luther have done an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death Lohse and George or Althaus and Thiselton **From Daughters to Disciples** Lynn Japinga, 2021-02-09 For too long the women of the Bible have been depicted in one dimensional terms On one side are saints such as Mary while on the other are bad girls such as Eve and Jezebel Just as often the female characters of the Bible are simply ignored However the women of the Bible are complex multidimensional individuals whose lives are inspiring funny and tragic in ways too many of us never hear In this second of two volumes Lynn Japinga acquaints readers with the women of the New Testament From faithful forerunners like Anna and Elizabeth to female disciples like the sisters Mary Martha and Mary Magdalene to first generation followers like Lydia and Dorcas readers will encounter a wealth of foremothers in the faith in all their messy yet redeemable humanity This Bible study introduces and retells every female character who contributes to one or more New Testament stories diving deeply into what each woman's story means for us today with questions for reflection and discussion *On Secular Governance* Ronald W. Duty, Marie A. Failinger, 2016 Based in part on a conference held at Valparaiso University's Chicago location at the Lutheran School of Theology on March 27-28 2014 *Marked in Your Flesh* Leonard B. Glick, 2005-06-30 From the author of Abraham's Heirs comes a history of Jewish and Christian beliefs about circumcision from its ancient origins to modern day **Routledge Handbook of Historical International Relations** Benjamin de Carvalho, Julia Costa Lopez, Halvard Leira, 2021-06-28 This handbook presents a comprehensive concise and accessible overview of the field of Historical International Relations HIR It summarizes and synthesizes existing contributions to the field while presenting central themes approaches and methodologies that have driven the development of HIR providing the reader with a sense of the diversity and research dynamics that are at the heart of this field of study The wide range of topics covered are grouped under the following

Sacramental Streams Richard Davenport, 2025-02-04 The church has long seen baptism as one of the means by which God delivers his grace to his people Many passages in the New Testament detail the value of baptism and indicate its status as one of the primary gifts God gives At the same time Jesus conversation with Nicodemus indicates the benefits of baptism should already be evident The early church understood this and saw that God had been preparing his people for the sacrament from the very beginning This book goes back through the Old Testament to draw on the various themes God has presented to inform and instruct his people about the sacrament he would later institute By examining these themes in detail it is shown that though baptism is a one time event in the life of the Christian the baptized continue to receive its benefits Baptism not only functions as an ongoing means of God's grace but as the means by which God shapes his people into the holy nation he has called them to be

Beyond the Visible Church Florian Klug, 2024-01-27 In *Beyond the Visible Church* theologian Florian Klug investigates the Abel motif hermeneutically throughout Christian church history By showing how the biblical motif of Abel was read and used by representative theologians like Augustine Bonaventure Martin Luther Yves Congar and others of each epoch Klug builds the story of the Church's self conception and shows how it has evolved over time By tracing this theological and ecclesiological history and how the motif formed theologians and the Church over time Klug shows readers a new way to conceive and understand God's universal will for salvation By deconstructing and reconstructing the historical occurrences of these ideas Klug demonstrates that the Church's self conception is not yet complete This unique and ground breaking study opens new ways forward for Catholic ecclesiology hope for today's universal Church
