Fire Engines Eddie Baker, 2018-08-23 More complex and imposing than any other vehicle in the British emergency services the fire engine has a long and interesting history The earliest water pumps had been developed by the eighteenth century basic manual pumps that had to be hauled around by people or horses and were often only used on fire insured premises In the nineteenth and twentieth centuries horse drawn steam powered fire engines and eventually motorised fire engines came to revolutionise firefighting offering far greater versatility and the brigades came to be run by the municipalities In this beautifully illustrated introduction Eddie Baker charts the history of fire engines and their variants and the increasingly complex equipment they have carried such as high rise ladders and high pressure hoses He also explains the wider history of the fire service and how the engines have been shaped by its needs and most importantly those of the firefighters themselves

Fake or Fortune Peter Maidens, 2012-09-25 AUTHOR'S NOTE Most good stories come easily for authors who understand first hand the fragility of values when pastoral holdings are overburdened with debt or when the provenance of fine art is in question So it is also when a farming woman is at her wits end burdened with debt abuse and the desperation to be loved Born in the Australian outback Peter Sharp spent his early working years as a talented livestock auctioneer Some years later a far cry from the dust and flies of country livestock saleyards he makes a name for himself as an outstanding auctioneer and valuer of fine art in London In 1965 when Sharp arrives at the prestigious out back pastoral holding known as Morgan Plains he is ready to value a small art collection It's possible that all the paintings are fakes but then again maybe they are worth a fortune However there are some things he is not ready for and Malcolm Morgan is one of them Quite by accident the

background to this arrogant and enigmatic man lies with the young farming woman sitting next to Sharp at Morgan's dinner table that first night Morgan Plains covers an area 13% the size of Sicily but there are closer ties to Sicily than that as Sharp will soon find out His long time friend and mentor Austin Yates unknowingly becomes the lynch pin as this intriguing story unfolds Quite apart from the intrigue surrounding the Morgan Collection Fake or Fortune is a powerful love story one that would never have happened had it not been for this chance assignment out on the vast black soil plains of New South Wales Ten years and several countries later Peter Sharp is more involved than ever with the Morgan Collection and the love of this truly extraordinary country woman
