

# Americans Struggle with Postwar Issues

## BEFORE YOU READ

In the last section, you read about the end of the First World War.

In this section, you will see how Americans adjusted to the end of the war.

## AS YOU READ

Use the chart below to take notes on the results of the Red Scare and labor strikes.

### TERMS AND NAMES

**nativism** Suspicion of foreign-born people

**isolationism** Pulling away from world affairs

**communism** An economic system that supports government control over property to create equality

**anarchists** People who opposed any form of government

**Sacco and Vanzetti** Immigrant anarchists accused of murder

**quota system** A system that established the maximum number of people who could enter the United States from each country

**John L. Lewis** President of the United Mine Workers

RED SCARE	LABOR STRIKES
<i>Civil rights violated</i>	<i>Gov'ts used force to put down Boston police strike</i>

## Postwar Trends (pages 626–630)

### How did World War I affect America?

World War I left much of the American public divided about the League of Nations. The end of the war hurt the economy. Returning soldiers took jobs away from many women and minorities, or faced unemployment themselves. A wave of **nativism** and **isolationism** swept over America as people became suspicious of foreigners and wanted to pull away from world affairs.

1. What attitudes became prevalent in America after WWI?

## Fear of Communism (pages 631–632)

### Why did Americans fear communism?

Americans saw **communism** as a threat to their way of life. Communism is an economic and political system that supports government control over property to create equality. Some communists said there should be only one political party: the Communist Party. Communists came to power in Russia through violent revolution.

World War I created economic and political problems in Russia. In 1907, the Russian czar, or emperor, stepped down. Later, a group of revolutionaries called **Bolsheviks** took power. Their

## **Guided Reading American Struggle With Postwar Issues Answer:**

The Americans McDougal-Littell Publishing Staff,2002-03-04      *The Routledge Handbook of Religion and Cities* Katie Day,Elise M. Edwards,2020-12-31 Like an ecosystem cities develop change thrive adapt expand and contract through the interaction of myriad components Religion is one of those living parts shaping and being shaped by urban contexts The Routledge Handbook of Religion and Cities is an outstanding interdisciplinary reference source to the key topics problems and methodologies of this cutting edge subject Representing a diverse array of cities and religions the common analytical approach is ecological and spatial It is the first collection of its kind and reflects state of the art research focusing on the interaction of religions and their urban contexts Comprising 29 chapters by a team of international contributors the Handbook is divided into three parts Research methodologies Religious frameworks and ideologies in urban contexts Contemporary issues in religion and cities Within these sections emerging research and analysis of current dynamics of urban religions are examined including housing economics and gentrification sacred ritual and public space immigration and the refugee crisis political conflicts and social change ethnic and religious diversity urban policy and religion racial justice architecture and the built environment religious art and symbology religion and urban violence technology and smart cities the challenge of climate change for global cities and religious meaning making of the city The Routledge Handbook of Religion and Cities is essential reading for students and researchers in religious studies and urban studies The Handbook will also be very useful for those in related fields such as sociology history architecture urban planning theology social work and cultural studies      *Congressional Record* United States. Congress,2003      *Air University Quarterly Review* ,1977

**Historical Dictionary of the 1940s** James Gilbert Ryan,Leonard C Schlup,2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural political military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context      Reader's Guide to Literature in English Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study      *Resources in Education* ,1989-10      Topothesia Ameeth Vijay,2023-05-02 SHORTLISTED 2024 MSA FIRST BOOK PRIZE Topothesia reads urban planning as a mode of speculative fiction one inextricably linked to histories of British colonialism and liberalism through a particular understanding of place The book focuses on town planning from the

late nineteenth century to the present day showing how the contemporary geography of Britain sharply unequal and marked by racial division continues ideologies of place established in colonial contexts Specifically planning allows for the speculative construction of future places that are both utopian in their ability to resolve political disagreement and at the same tantalizingly realizable able to be produced in concrete reality This speculative imaginary I argue is only possible within the ideological framework of colonialism and the history of empire within which it developed Topothesia refers to a rhetorical device employing the vivid depiction of an often imaginary place This device Vijay shows helps us understand urban planning as a narrative genre one that even in its most mundane documents is compelled to produce elaborate fantasies of future places The book examines specific planning movements over time to understand the form and the stakes of their speculative worlds In building these worlds the book shows planners continually coopted literary critiques of the present and reveries of the future retaining literature s aesthetics while eschewing its politics At the same time Vijay shows writers and artists have dwelled within and against these colonial imaginaries to seek other means of representing place

#### **Fateful Choices** Ian

Kershaw,2013-04-04 In 1940 the world was on a knife edge The hurricane of events that marked the opening of the Second World War meant that anything could happen For the aggressors there was no limit to their ambitions for their victims a new Dark Age beckoned Over the next few months their fates would be determined In Fateful Choices Ian Kershaw re creates the ten critical decisions taken between May 1940 when Britain chose not to surrender and December 1941 when Hitler decided to destroy Europe s Jews showing how these choices would recast the entire course of history

#### **After Jutland** James V

Goldrick,2018-10-15 After Jutland analyses the naval war in Northern European waters following the critical but inconclusive Battle of Jutland A popular misconception is that Jutland marked the end of the operational career of the German High Sea Fleet and the beginning of a period of stagnation for both it and its opponent the Grand Fleet The reality is much more complex The German battle fleet was quiescent for much of the time in the North Sea but it supported an ambitious amphibious campaign in the Baltic while a bitter commerce war was waged by U Boats and the light craft fought a grueling campaign in the waters of the English Channel and the Belgian Coast After Jutland focuses primarily on the Royal Navy as the dominant maritime force but it also analyses the struggles of the beleaguered German Navy as it sought to find ways to break the tightening stranglehold of the blockade and undermine Allied control of the world s oceans and of British home waters in particular The continuing conflict in the Baltic will also be explored as the Germans increased the pressure on the Russian territory and the Russian fleet while the latter despite its descent into revolution still struggled to provide an effective counter to the Imperial German Navy The Royal Navy learned much from Jutland and applied those lessons to good effect It greatly improved the way that ships were organized for battle as well as developing new tactics There were also great leaps in communications and in command and control while both aviation and undersea operations including mine warfare developed at breakneck pace The Imperial German Navy made its own changes as a result of Jutland Indeed both

Germany and Russia undertook much more naval innovation in the final years of the conflict than is often realized By 1918 all the protagonists were fighting what was in every way a multi dimensional maritime war that was the forerunner of naval conflict for the remainder of the twentieth century The period also saw the entry to the conflict of the United States and the increasing commitment of the United States Navy USN units saw hard service before the Armistice of November 1918 Many of the foundations of success in the next war were laid by the USN at this time The learning curve was steep as officers and sailors alike sought to catch up on the experience of nearly three years of conflict but they brought new methods and new applications of technology to the operational problems with which their coalition partners had been struggling This included the Sixth Battle Squadron which was rapidly assimilated into the Grand Fleet absorbing the hard won knowledge of their British colleagues but applying some of their own ideas **Research in Education** ,1971 *Naval Training Bulletin* ,1946

Journal of Health, Physical Education, Recreation ,1945 Claiming the City Shelton Stromquist,2023-02-14 Winner of the International Labor History Association ILHA 2023 Book of the Year Award for labor history For more than a century municipal socialism has fired the imaginations of workers fighting to make cities livable and democratic At every turn propertied elites challenged their right to govern Prominent US labor historian Shelton Stromquist offers the first global account of the origins of this new trans local socialist politics He explains how and why cities after 1890 became crucibles for municipal socialism Drawing on the colorful stories of local activists and their social democratic movements in cities as diverse as Broken Hill Christchurch Malm Bradford Stuttgart Vienna and Hamilton OH the book shows how this new urban politics arose Long governed by propertied elites cities in the nineteenth century were transformed by mass migration and industrialization that tore apart their physical and social fabric Amidst massive strikes and faced with epidemic disease fouled streets unsafe water decrepit housing and with little economic security and few public amenities urban workers invented a local politics that promised to democratize cities they might themselves govern and reclaim the wealth they created This new politics challenged the class power of urban elites as well as the centralizing tendencies of national social democratic movements Municipal socialist ideas have continued to inspire activists in their fight for the right of cities to govern themselves **Kliatt Young Adult Paperback Book Guide** ,1999 **American Bankers Association Journal** ,1925 **Violated Frames** Victoria Ruétalo,2022-03-22 When Armando B and Isabel Sarli began making sexploitation films together in 1956 they provoked audiences by featuring explicit nudity that would increasingly become more audacious constantly challenging contemporary norms Their Argentine films developed a large and international fan base Analyzing the couple s films and their subsequent censorship Violated Frames develops a new roughly constructed and bad archive of relocated materials to debate questions of performance authorship stardom sexuality and circulation Victoria Ru talo situates B and Sarli s films amidst the popular culture and sexual norms in post 1955 Argentina and explores these films through the lens of bodies engaged in labor and leisure in a context of growing censorship Under Per n manual labor produced an affect

that fixed a specific type of body to the populist movement of Peronism a type of body that was young lower classed and highly gendered The excesses of leisure in exhibition enjoyment and ecstasy in B and Sarli s films interrupted the already fragmented film narratives of the day and created alternative sexual possibilities      *Monthly Catalog of United States Government Publications* ,1988      Research Guide to American Literature John Cusatis,2010 Covers American literature during the postwar period      *Doing Qualitative Research* David Silverman,Amir Marvasti,2008-04-02 As a novice researcher and doctoral student myself I found this text basic resourceful and encouraging I now feel that my research journey has been segmented into individual steps that are both manageable and practical NACADA National ACademic ADvising Association Chock full of useful pedagogy *Doing Qualitative Research* contains interdisciplinary and real world examples and student diaries that speak to those readers undertaking new research projects and qualitative dissertations Key Features Offers a thorough review of the major methods in qualitative research and data analysis techniques specific to each method Gives practical advice on key issues such as defining originality and narrowing down a topic Presents end of chapter accounts of current or former graduate students experiences with the topics covered in the respective chapters Contains web based exercises designed to help students and their instructors incorporate web based learning in their courses Includes exercises to test readers knowledge and to encourage the development of relevant skills Intended Audience This lively accessible textbook is ideal for upper level undergraduate and graduate students in the social sciences including those in sociology education communications anthropology and health departments
