Grover, 2023-05-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN
library Steel City Readers makes available and interprets in detail a large body of new evidence about past cultures and
communities of reading Its distinctive method is to listen to readers' own voices rather than theorising about them as an
undifferentiated group Its cogent and engaging structure traces reading journeys from childhood into education and
adulthood and attends to settings from home to school to library It has a distinctive focus on reading for pleasure and its
framework of argument situates that type of reading in relation to dimensions of gender and class It is grounded in place and
particularly in the context of a specific industrial city Sheffield The men and women featured in the book coming to adulthood
in the 1930s and 1940s rarely regarded reading as a means of self improvement It was more usually a compulsive and
intensely pleasurable private activity **Spencer's Illustrated Leicester Almanack, Diary, Peerage, Baronetage,**
