The Cambridge History of Science: Volume 8, Modern Science in National, Transnational, and Global Context Hugh Richard Slotten,Ronald L. Numbers,David N. Livingstone,2020-04-09 This volume in the highly respected Cambridge History of Science series is devoted to exploring the history of modern science using national transnational and global frames of reference Organized by topic and culture its essays by distinguished scholars offer the most comprehensive and up to date interdisciplinary history of modern science currently available Essays are grouped together in separate sections that represent larger regions Europe Africa the Middle East South Asia East and Southeast Asia the United States Canada Australia New Zealand Oceania and Latin America Each of these regional groupings ends with a separate essay reflecting on the analysis in

the preceding chapters Intended to provide a balanced and inclusive treatment of the modern world contributors analyze the history of science not only in local national and regional contexts but also with respect to the circulation of knowledge tools methods people and artifacts across national borders *Routledge Handbook on the Sciences in Islamicate Societies* Sonja Brentjes,2023-01-24 The Routledge Handbook on the Sciences in Islamicate Societies provides a comprehensive survey on science in the Islamic world from the 8th to the 19th century Across six sections a group of subject experts discuss and analyze scientific practices across a wide range of Islamicate societies The authors take into consideration several contexts in which science was practiced ranging from intellectual traditions and persuasions to institutions such as courts schools hospitals and observatories to the materiality of scientific practices including the arts and craftsmanship Chapters also devote attention to scientific practices of minority communities in Muslim majority societies and Muslim minority groups in societies outside the Islamicate world thereby allowing readers to better understand the opportunities and constraints of scientific practices under varying local conditions Through replacing Islam with Islamicate societies the book opens up ways to explain similarities and differences between diverse societies ruled by Muslim dynasties This handbook will be an invaluable resource for both established academics and students looking for an introduction to the field It will appeal to those involved in the study of the history of science the history of ideas intellectual history social or cultural history Islamic studies Middle East and African studies including history and studies of Muslim communities in Europe and South and East Asia

Rethinking History, Science, and Religion Bernard Lightman,2019-10-03 The historical interface between science and religion was depicted as an unbridgeable conflict in the last quarter of the nineteenth century Starting in the 1970s such a conception was too simplistic and not at all accurate when considering the totality of that relationship This volume evaluates the utility of the complexity principle in past present and future scholarship First put forward by historian John Brooke over twenty five years ago the complexity principle rejects the idea of a single thesis of conflict or harmony or integration or separation between science and religion Rethinking History Science and Religion brings together an interdisciplinary group of scholars at the forefront of their fields to consider whether new approaches to the study of science and culture such as recent developments in research on science and the history of publishing the global history of science the geographical examination of space and place and science and media have cast doubt on the complexity thesis or if it remains a serviceable historiographical model

Science and Religion in India Renny Thomas,2021-12-30 This book provides an in depth ethnographic study of science and religion in the context of South Asia giving voice to Indian scientists and shedding valuable light on their engagement with religion Drawing on biographical autobiographical historical and ethnographic material the volume focuses on scientists religious life and practices and the variety of ways in which they express them Renny Thomas challenges the idea that science and religion in India are naturally connected and argues that the discussion has to go beyond binary models of conflict and complementarity By complicating the understanding of science and religion in

India the book engages with new ways of looking at these categories **The Trishanku Nation** Deepak Kumar,2015-12-15 Taking a cue from the story of Trishanku the mythological king who aspired to reach heaven while still alive Deepak Kumar builds a compelling narrative on the state of contemporary India Much like Trishanku who only succeeded in being stuck in limbo between heaven and earth India appears to be oscillating at the crossroads of modernity and tradition development and corruption and diversity and communalism The Trishanku Nation presents a provocative account of a country marked by its contradictions and seamlessly combines everyday social history with academic insights All through its civilizational progress India has defied simple categorizations This suppleness has been its greatest strength and to a large extent also responsible for its myriad problems This volume dwells on this predicament of post Independence India Based on memory both historical and personal it begins with the depiction of life in a moffusil town and moves on to examine closely issues of caste religion communalism governance corruption education science culture and so forth as seen in the last five decades Presented with rare verve and wit and by using the lens of personal experiences these rumblings help unfurl layers of life in the Indian subcontinent **Modern South Asian Thinkers** Dev Nath Pathak,Sanjeev Kumar H.M,2025-10-30 This exceptional anthology brings together a collection of insightful expositions on modern South Asian thinkers and thoughts Employing an encyclopedic approach this volume delves deep into the intellectual history of South Asia transcending traditional academic perspectives and exploring a rich tapestry of ideas from various sources across time The book departs from the imported ideas of South Asia by delving into the diverse intellectual heritage of the region pertaining to political thinkers social and cultural thinkers and activists Historically the book aids in approaching the enduring social and political challenges in South Asia Drawing from an extensive array of works including polemics commentaries literary accounts politics and poetics modern thoughts in South Asia provide systematic solutions to the perennial issues that shape the region The curatorial consequence of the modern thoughts from the region put together in this compendium is a collective consciousness of South Asia as an offspring of the epistemological interface between region and universe The readers of this book shall arrive at a profound insight into the social political and cultural intricacies the transformative power of ideas and their enduring influence on the development of the region This book would be useful to students researchers and teachers working in the field of political science philosophy history and sociology in varied course curricula such as Indian political thought Eastern philosophy South Asian thought political thinkers and modern political thought [A Brief History of the Present](#) Hilal Ahmed,2024-07-22 Present day political discourse swings between two contrary positions on the issue of Muslims Hindutva politics categorizes Muslims as a monolithic religious group to substantiate Hindu homogeneity The liberals on the other hand claim to protect Muslims as a religious minority to defend Indian democracy if not secularism In both cases Muslim identity is envisioned as a one dimensional phenomenon A Brief History of the Present attempts to go beyond the obvious to rethink the role of minorities specifically Muslims in the New India that has revealed itself since 2014

By diving deep into the complexities of Muslim identity and its role in everyday life while at the same time viewing the Muslim communities through a historical lens the author attempts to provide a far more accurate picture of Indian Muslims than what is perceived currently Through the author s interpretation of a wide range of quantitative and qualitative sources and his long experience as an observer of the Indian political scenario for more than three decades the book presents a deeply considered view of a burning question the current status of Muslims in India **Pious Labor** Amanda

Lanzillo,2024-01-23 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more In the late nineteenth and early twentieth centuries working class people across northern India found themselves negotiating rapid industrial change emerging technologies and class hierarchies In response to these changes Indian Muslim artisans began publicly asserting the deep relation between their religion and their labor using the increasingly accessible popular press to redefine Islamic traditions from below Centering the stories and experiences of metalsmiths stonemasons tailors press workers and carpenters Pious Labor examines colonial era social and technological changes through the perspectives of the workers themselves As Amanda Lanzillo shows the colonial marginalization of these artisans is intimately linked with the continued exclusion of laboring voices today By drawing on previously unstudied Urdu language technical manuals and community histories Lanzillo highlights not only the materiality of artisanal production but also the cultural agency of artisanal producers filling in a major gap in South Asian history

Fundamentalism means the restoration of a true religion To others it is a politics that stands apart from capitalism and socialism To many Westerners it has come to constitute a threat to established order and international security Holy Wars first published in 1989 comprises a non partisan narrative that takes account of both the socio cultural values expressed in Fundamentalism and its political consequences Dilip Hiro s starting point is that fundamentalist forces have been active within Islam since the death of the Prophet Muhammad He presents the two major sects Sunnis and Shias in this light Hiro provides the background for an understanding of what was taking place in Middle Eastern countries such as Afghanistan Libya Egypt and Syria at the end of the 1980s This is a comprehensive and readable work of great relevance and value to those with an interest in Middle Eastern politics and history and the growth of Islamic Fundamentalism *The*

Naqshbandiyya Itzhak Weismann,2007-06-25 The Naqshbandiyya order has attracted increasing scholarly attention over the last two decades yet so far there has been no attempt to present a comprehensive picture of the evolution of the rich organization and ideational Naqshbandiyyah tradition This book is therefore by now a highly desirable contribution that will

fill this gap in the literature of this important Sufi order Spanning almost a millennium in time and most of the Muslim world in space this book provides a comprehensive overview of the important Naqshbandiyyah Sufi order

Mystical Traditions Muhammad Shafiq, Thomas Donlin-Smith, 2023-05-16 This book discusses mysticism and its possible contributions to a positive common human future It is organized into three parts Studies of Mystical Traditions Comparative Studies of Mystical Traditions and Social and Ethical Implications The approach is philosophical and critical The contributors differ on whether or not mystical traditions would restore peaceful living and peaceful coexistence However the problem before this manuscript is the growing pain and suffering caused by greed in the world greed causing economic disequilibrium racism and divisiveness causing social unrest resulting in mass migration and refugees crisis Through the lens of mystical traditions the manuscript proposes a balance approach between material and spiritual needs of people To strengthen human spirituality the manuscript emphasizes practicing meditation music prayers zikr yoga mindfulness fasting and other methods of spiritual revival for peace within self and with others

Understanding Jihad David Cook, 2015-09-01 First published in 2005 Understanding Jihad unravels the tangled historical intellectual and political meanings of jihad within the context of Islamic life In this revised and expanded second edition author David Cook has included new material in light of pivotal developments such as the extraordinary events of the Arab Spring the death of Usama b Ladin and the rise of new Islamic factions such as ISIS Jihad is one of the most loaded and misunderstood terms in the news today Contrary to popular understanding the term does not mean holy war Nor does it simply refer to an inner spiritual struggle This judiciously balanced accessibly written and highly relevant book looks closely at a range of sources from sacred Islamic texts to modern interpretations opening a critically important perspective on the role of Islam in the contemporary world David Cook cites from scriptural legal and newly translated texts to give readers insight into the often ambiguous information that is used to construct Islamic doctrine He sheds light on legal developments relevant to fighting and warfare and places the internal spiritual jihad within the larger context of Islamic religion He describes some of the conflicts that occur in radical groups and shows how the more mainstream supporters of these groups have come to understand and justify violence He has also included a special appendix of relevant documents including materials related to the September 11 attacks and published manifestos issued by Usama b Ladin and Palestinian suicide martyrs

Jihad, Radicalism, and the New Atheism Mohammad Hassan Khalil, 2018 This book compares the conflicting and consequential interpretations of jihad offered by mainstream Muslim scholars violent Muslim radicals and New Atheists

Jihad Beyond Islam Gabriele Marranci, 2020-05-28 Jihad is a highly charged word Often mistranslated as Holy War it has become synonymous with terrorism Current political events have entirely failed to take account of the subtlety and complexity of jihad Like many concepts with a long history different cultural ideas have influenced the religious aspects of jihad As a result its original meaning has been adapted modified and destabilized never more than at the present time How does jihad

manifest itself in Muslims everyday lives What impact has 9 11 and its backlash had on jihad By observing the current crisis of identity among ordinary Muslims this timely book explores why and in what circumstances Muslims speak of jihad In the end jihad is what Muslims say it is Marranci offers us a nuanced and sophisticated anthropological understanding of Muslims lives far beyond the predictable cliches A PDF version of this book is available for free in open access via the OAPEN Library platform www.oapen.org
