Jerusalem Chronicles From The Holy City:

Jerusalem Guy Delisle, 2012-04-24 Neither Jewish nor Arab Delisle explores Jerusalem and is able to observe this strange world with candidness and humor But most of all those stories convey what life in East Jerusalem is about for an expatriate Haaretz Engaging Delisle highlights the very complex lives of Israelis Palestinians and foreign residents Publishers Weekly Starred Review Guy Delisle expertly lays the groundwork for a cultural road map of contemporary Jerusalem utilizing the classic stranger in a strange land point of view that made his other books Pyongyang Shenzhen and Burma Chronicles required reading for understanding what daily life is like in cities few are able to travel to In Jerusalem Chronicles from the Holy City Delisle explores the complexities of a city that represents so much to so many He eloquently examines the impact of the conflict on the lives of people on both sides of the wall while drolly recounting the quotidian checkpoints traffic jams and holidays When observing the Christian Jewish and Muslim populations that call Jerusalem home Delisle's drawn line is both sensitive and fair assuming nothing and drawing everything Jerusalem showcases once more Delisle's mastery of the travelogue

The Holy City Leslie J. Hoppe, 2000 The Holy City begins with a review of the place of Jerusalem in the three Abrahamic religions Judaism Christianity and Islam Each of these is in some way an heir and reinterpreted of the religion of ancient Israel This book proves the place of Jerusalem according to the religious traditions of ancient Israel as preserved in the Old Testament and some early Jewish texts

Frames and Framing in Documentary Comics Johannes C.P. Schmid, 2021-02-24 Frames and Framing in Documentary Comics explores how graphic narratives reframe global crises while also interrogating practices of fact finding An analog print phenomenon in an era shaped by digitalization documentary comics formulates a distinct counterapproach to conventional journalism In what ways are facts being presented and framed What is documentary honesty in a world of fake news and post truth politics How can the stories of marginalized peoples and neglected crises be told The author investigates documentary comics in its unique relationship to framing graphic narratives are essentially shaped by a reciprocal relationship between the manifest frames on the page and the attention to the cognitive frames that they generate To account for both the textuality of comics and its strategic use as rhetoric the author combines theories of framing analysis and cognitive narratology with comics studies and its attention toward the medium's visual frames

The Comics of Hergé Joe Sutliff Sanders, 2016-07-28 Contributions by J. Nathan Miranda de Ara Jo Guillaume de Syon Hugo Frey Kenan Koak Andrei Molotiu Annick Pellegrin Benjamin Picado Vanessa Meikle Schulman Matthew Screech and Gwen Athene Tarbox As the creator of Tintin Hergé 1907-1983 remains one of the most important and influential figures in the history of comics When Hergé born Georges Prosper Remi in Belgium emerged from the controversy surrounding his actions after World War II his most famous work leapt to international fame and set the standard for European comics While his style popularized what became known as the clear line in cartooning this edited volume shows how his life and art turned out much more complicated than his method The book opens with Hergé's aesthetic techniques

including analyses of his efforts to comprehend and represent absence and the rhythm of mundaneness between panels of action. Broad views of his career describe how Herg navigated changing ideas of air travel while precise accounts of his life during Nazi occupation explain how the demands of the occupied press transformed his understanding of what a comics page could do. The next section considers a subject with which Herg was himself consumed: the fraught lines between high and low art. By reading the late masterpieces of the Tintin series, these chapters situate his artistic legacy. A final section considers how the clear line style has been reinterpreted around the world, from contemporary Francophone writers to a Chinese American cartoonist and on to Turkey where Tintin has been reinvented into something meaningful to an audience Herg probably never anticipated. Despite the attention already devoted to Herg, no multi-author critical treatment of his work exists in English, the majority of the scholarship being in French. With contributors from five continents drawing on a variety of critical methods, this volume's range will shape the study of Herg for many years to come.

Islam and the West Sadia Zulfiqar, 2015-06-18 Islam like the West is not a homogenous monolith. However, Islam is most commonly represented in the West in terms of suicide bombing, suppressed and veiled women, and internal and external conflict. These depictions of Islam suggest that the relationship between Islam and the West is and has always been one of hostility and hatred. However, this collection locates threads of connection and love between Islam and the West and argues that it is important to bring them to the forefront.

Mapping Israel, Mapping Palestine Jess Bier, 2017-06-30 Digital practices in social and political landscapes. Why two researchers can look at the same feature and see different things. Maps are widely believed to be objective and data-rich; computer-made maps are iconic examples of digital knowledge. It is often claimed that digital maps and rational boundaries can solve political conflict. But in *Mapping Israel, Mapping Palestine*, Jess Bier challenges the view that digital maps are universal and value-free. She examines the ways that maps are made in Palestine and Israel to show how social and political landscapes shape the practice of science and technology. How can two scientific cartographers look at the same geographic feature and see fundamentally different things? In part, Bier argues, because knowledge about the Israeli military occupation is shaped by the occupation itself. Ongoing injustices, including checkpoints, roadblocks, and summary arrests, mean that Palestinian and Israeli cartographers have different experiences of the landscape. Palestinian forms of empirical knowledge, including maps, continue to be discounted. Bier examines three representative cases of population governance and urban maps. She analyzes Israeli population maps from 1967 to 1995, when Palestinian areas were left blank; Palestinian state maps of the late 1990s and early 2000s, which were influenced by Israeli raids on Palestinian offices; and the legacy of British colonial maps and urban maps after the Second Intifada, which show how segregated observers produce dramatically different maps of the same area. The geographic production of knowledge, including what and who are considered scientifically legitimate, can change across space and time. Bier argues that greater attention to these changes and to related issues of power will open up more heterogeneous ways of engaging with the world.

Comics in Contemporary

Arab Culture Jacob Høigilt, 2018-12-13 Comic books for adults have become one of the most novel and colourful forms of cultural expression in the Arab world today. During the last ten years young Arabs have crafted stories explaining issues such as authoritarianism, resistance, war, sex, gender relations and youth culture. These are distributed through informal channels as well as independent bookstores and websites. Events like the annual Cairocomix festival in Egypt and the Mahmoud Kahil Award in Lebanon evidence the importance of this cultural phenomenon. *Comics in Contemporary Arab Culture* focuses on the production of these comics in Egypt and Lebanon, countries at the forefront of the development of the genre for adults. Jacob Høigilt guides the reader through the emergence of independent comics, explores their social and political critique and analyses their visual and verbal rhetoric. Analysing more than 50 illustrations included here, he shows that Arab comics are revealing of the changing attitudes towards politics, social relations and even language. While political analysts often paint a bleak picture of the Arab world after 2011, this book suggests that art and storytelling continue to nourish a spirit of liberty and freedom despite political setbacks. *Comics in Contemporary Arab Culture* provides a fresh and original insight into the politics of the Middle East and cultural expression in the Arab World.

Visualizing Jewish Narratives Derek Parker Royal, 2016-06-30 Examining a wide range of comics and graphic novels including works by creators such as Will Eisner, Leela Corman, Neil Gaiman, Art Spiegelman, Sarah Glidden and Joe Sacco, this book explores how comics writers and artists have tackled major issues of Jewish identity and culture. With chapters written by leading and emerging scholars in contemporary comic book studies, *Visualizing Jewish Narrative* highlights the ways in which Jewish comics have handled such topics as Biography, autobiography and Jewish identity, Gender and sexuality, Genre from superheroes to comedy, The Holocaust, The Israel-Palestine conflict, Sources in the Hebrew Bible and Jewish myth. *Visualizing Jewish Narrative* also includes a foreword by Danny Fingeroth, former editor of the Spider-Man line and author of *Superman on the Couch* and *Disguised as Clark Kent*.

The Cambridge History of the Graphic Novel Jan Baetens, Hugo Frey, Stephen E. Tabachnick, 2018-07-19 The *Cambridge History of the Graphic Novel* provides the complete history of the graphic novel from its origins in the nineteenth century to its rise and startling success in the twentieth and twenty-first century. It includes original discussion on the current state of the graphic novel and analyzes how American, European, Middle Eastern and Japanese renditions have shaped the field. Thirty-five leading scholars and historians unpack both forgotten trajectories as well as the famous key episodes and explain how comics transitioned from being marketed as children's entertainment. Essays address the masters of the form including Art Spiegelman, Alan Moore and Marjane Satrapi and reflect on their publishing history as well as their social and political effects. This ambitious history offers an extensive, detailed and expansive scholarly account of the graphic novel and will be a key resource for scholars and students.

Graphic Novels Michael Pawuk, David S. Serchay, 2017-05-30 Covering genres from adventure and fantasy to horror, science fiction and superheroes, this guide maps the vast terrain of graphic novels, describing and organizing titles to help librarians balance

their graphic novel collections and direct patrons to read alike. New subgenres, new authors, new artists, and new titles appear daily in the comic book and manga world, joining thousands of existing titles, some of which are very popular and well known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase and which to recommend to teen and adult readers? This updated guide is intended to help you start, update, or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic super hero comics and other classic and contemporary crime fighter based comics, action and adventure comics including prehistoric heroic explorer and Far East adventure as well as Western adventure, science fiction titles that encompass space opera, fantasy, aliens, post apocalyptic themes, and comics with storylines revolving around computers, robots, and artificial intelligence. There are also chapters dedicated to fantasy titles, horror titles such as comics about vampires, werewolves, monsters, ghosts, and the occult, crime and mystery titles regarding detectives, police officers, junior sleuths, and true crime comics, on contemporary life, covering romance, coming of age stories, sports, and social and political issues, humorous titles, and various nonfiction graphic novels.

Christianity and Comics Blair Davis, 2024. This book presents an 80 year history of how the comics industry has drawn inspiration from biblical imagery, stories, and themes. Charting how comics have both reflected and influenced Americans, changing attitudes towards religion, it includes underground comic books from Christian publishers and a vast array of DC, Marvel, and Dark Horse titles from Hellboy to Preacher.

The Cambridge Companion to the Graphic Novel Stephen E. Tabachnick, 2017-07-03. Since the graphic novel rose to prominence half a century ago, it has become one of the fastest growing literary artistic genres, generating interest from readers globally. The Cambridge Companion to the Graphic Novel examines the evolution of comic books into graphic novels and the distinct development of this art form both in America and around the world. This Companion also explores the diverse subgenres often associated with it, such as journalism, fiction, historical fiction, autobiography, biography, science fiction, and fantasy. Leading scholars offer insights into graphic novel adaptations of prose works and the adaptation of graphic novels to films, analyses of outstanding graphic novels like *Maus* and *The Walking Man*, an overview which distinguishes the international graphic novel from its American counterpart, and analyses of how the form works and what it teaches, making this book a key resource for scholars, graduate students, and undergraduate students alike.

Postcolonial Locations Robert Spencer, Anastasia Valassopoulos, 2020-10-19. *Postcolonial Locations* seeks to clarify the meaning of the postcolonial through close textual readings and prioritises material and located readings over more abstract theoretical discussions. It seeks to reorient the field by providing practical explorations of what the discipline is for. The book begins with an introduction of the key theoretical debates in the field between the universal and the particular, the global and the local, but it then goes on to demonstrate, via a series of close textual readings, that these distinctions are not always useful and that we can achieve a more comprehensive and complete reading of the multiple times, places, and texts in which colonial power is both exerted and

fought An engaging and comprehensive guide to contemporary postcolonial studies this book is essential reading for students as well as professors The Routledge Companion to Literature and Art Neil Murphy,W. Michelle Wang,Cheryl Julia Lee,2024-03-11 The Routledge Companion to Literature and Art explores the links between literature and visual art from classical ekphrasis through to contemporary experimental forms The collection s engagement with diverse literary and cultural artifacts offers a comprehensive survey of the vibrant interrelationships that currently inform literary studies and the arts Featuring four sections the first part provides an overview of theoretical approaches to art and literature from philosophy and aesthetics through to cognitive neuroscience Part two examines one of the most important intersections between text and image the workings of ekphrasis across poetry fiction drama comics life and travel writing and architectural treatises Parts three and four consider intermedial crossings from antiquity to the present The contributors examine the rich intermedial experiments that range from manuscript studies to infographics in graphic narratives illuminating the vibrant ways in which texts have intersected with illustration music dance architecture painting photography media installations and television Throughout this dynamic collection of 37 chapters the contributors evolve existing critical debates in innovative new directions The volume will be a critical resource for advanced undergraduate and graduate students as well as specialist scholars working in literary studies philosophy of art text and image studies and visual culture The Introduction and Chapters 10 14 and 37 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **Muybridge** Guy Delisle,2025-04-29 How do you capture a changing world in the blink of an eye Documentary Comics Nina Mickwitz,2016-04-29 Can comics be documentary and can documentary take the form of and thus be comics Examining comics as documentary this book challenges the persistent assumption that ties documentary to recording technologies and instead engages an understanding of the category in terms of narrative performativity and witnessing Through a cluster of early twenty first century comics Nina Mickwitz argues that these comics share a documentary ambition to visually narrate and represent aspects and events of the real world **Where Heaven Touches Earth** Dovid Rossoff,2001 Paints a panorama of Jerusalem in all her glory from medieval times and the era of the Crusaders through the poverty stricken Jewish communities of the last centuries and their strength and heroism ending with a look at Jerusalem today Carefully researched with stories biographies an index charts and photographs **World Record Holders** Guy Delisle,2022-08-09 Universally beloved cartoonist Guy Delisle showcases a career spanning collection of his work with a sly sense of humor and warm characterization Before Delisle became an international superstar with his globe hopping travelogues he was an animator experimenting with the comics form Always aware of the elasticity of the human form and honing his keen observer s eye young Delisle created hilarious set pieces World Record Holders ranges from wistful childhood nostalgia to chagrined post fame encounters touching on formally ambitious visual puns and gut busting what ifs Delisle again and again shows how life is both exhilarating and

embarrassing Delisle visits an exhibition of his work in another country and is confronted by an angry spouse who blames him for destroying her marriage A juvenile game of Bows and Arrows turns menacing as arrows shot straight up in the air turn into barely visible missiles of death A coded message from space creates different reactions from different people debates dance festivals gallery shows Translated by Helge Dascher

Drawn & Quarterly: Twenty-Five Years of Contemporary Cartooning, Comics, and Graphic Novels, 2021-08-31 Drawn assembles biographies personal reminiscences and interviews with key D Q staff and curates essays by Margaret Atwood Sheila Heti Jonathan Lethem Deb Olin Unferth Heather O'Neill Lemong Snicket Chris Ware and noted comics scholars D Q 25 is the rare chance to witness a literary movement in progress how a group of dedicated artists and their publisher changed the future of a century old medium

An Ancient Israelite Historian Isaac Kalimi, 2018-07-17 Kalimi one of the esteemed specialists of the Chronicler's work has provided us an intriguing historical and theological study about the Chronicler's work that will surely provoke further discussion Stefan Beyerle In *Journal for the Study of Judaism in the Persian Hellenistic and Roman Period* 37 2006 Among Biblical scholars of Jewish background Kalimi shows an outstanding ability to see and draw relationships between original passages and sources as well as ancient and modern commentaries Kalimi accomplished what he promised in the title of the book to demonstrate that the Chronicler is an ancient Israelite historian Chen Yiyi In *Journal of Ancient Civilizations* 24 2009 The book is another important contribution to the study of Chronicles by an eminent expert on that field and as such is indispensable on every scholar's desk not only in the field of Chronicles but also for everyone with an interest in biblical historiography in general M Marciak In *The Polish Journal of Biblical Research* 8 2009 Professor Kalimi is to be congratulated for these two works which are perhaps the finest analysis of Chronicles in the recent decades Tons of ink has been spent on discussions that have gone above basic questions that the author has analyzed point by point and no doubt studies in the future have come in the work of Kalimi a base and inescapable benchmark for discussions J M Tebes In *Antiguo Oriente* 8 2010
