Early Learning through Play Kristin Grabarek, Mary R. Lanni, 2019-03-13 This creative guidebook teaches librarians in diverse communities how to develop and implement early learning programming beyond traditional storytimes While traditional library storytimes are excellent tools for families equally important is play Children learn through play in many ways it stimulates exploration and curiosity and builds gross and fine motor skills that are critical to reading and writing success Perhaps most importantly play has the power to cross barriers of culture and language allowing families from differing backgrounds to learn together In this book Kristin Grabarek and Mary R Lanni the pioneers of Little University an early learning program that focuses on play based learning share their experiences and provide guidance for implementing similar programs at libraries of various sizes and budgets They teach readers how to create programs for a diverse group of families work with outside providers choose supplies estimate costs market your programming and overcome the challenges of both big and small budgets and many or few patrons These practical plans will enhance storytimes and even help build a brand new early learning program

Minds on Music Michele Kaschub, Janice P. Smith, 2009-06-15 This textbook enhances preservice and practicing music educators understanding of ways to successfully engage children in music composition It offers both a rationale for the presence of composition in the music education program and a thorough review of what we know of children s compositional practices to date Minds On Music offers a solid foundation for planning and implementing composition lessons with students in grades PreK 12

Community Service-Learning Rahima C. Wade, 1997-01-01 Presents a comprehensive resource for those interested in youth involvement in community service as part of the public school curriculum

Resources in Education, 1994

Full STEAM Ahead Cherie P. Pandora, Kathy Fredrick, 2017-10-03 This book is a toolkit for youth and young adult librarians school and public who wish to incorporate science technology engineering art and math STEAM into their programs and collections but aren t sure where to begin Most educators are well aware of the reasons for emphasizing STEAM topics that fall within the broad headings of science technology engineering arts and mathematics in the curriculum regardless of grade level But how do librarians who work with tweens in middle school high school and public libraries fit into the picture and play their roles to underscore their relevance in making STEAM initiatives successful This book answers those key questions providing program guidelines and resources for each of the STEAM areas Readers will learn how to collaborate in STEAM efforts by providing information on resources activities standards conferences museums programs and professional organizations Emphasis is placed on encouraging girls and minorities to take part in and get excited about STEAM In addition the book examines how makerspaces can enhance this initiative how to connect your programs to educational standards where to find funding how to effectively promote your resources and programs including how school and public librarians can collaborate to maximize their efforts how to find and provide professional development and how to evaluate your program to make further

improvements and boost effectiveness Whether you are on the cusp of launching a STEAM initiative or looking for ways to grow and enhance your program this book will be an invaluable resource
