Undeniable Truths Ed Souza, 2014-08 Since we forget the implications of the assassination of President John F Kennedy at our peril I welcome and support the recent work of Ed Souza's Undeniable

Truths Welcome aboard Mr Souza Mark Lane Author of Rush to Judgment To many the murder of President John F Kennedy was the defining tragedy of the twentieth century To many the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence integrity and dignity To many there are more questions than plausible answers But for one former LA cop private investigator and professor of criminal justice the time has come to put forth the clear and plausible answers too many have craved for too long In Undeniable Truths Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder His approach exposes the lies cover ups and misinformation involved in this case He explores some of the murder s most enduring mysteries Why was President Kennedy really murdered Who really did and did not want Kennedy eliminated Why and how was Oswald chosen as the scapegoat Through the use of time tested police strategies the author puts decades of professional research to the task of solving one of history s most enduring unsolved crimes

The Man Who Killed Kennedy Roger Stone,2013-11-01 Lyndon Baines Johnson was a man of great ambition and enormous greed both of which in 1963 would threaten to destroy him In the end President Johnson would use power from his personal connections in Texas and from the underworld and from the government to escape an untimely end in politics and to seize even greater power President Johnson the thirty sixth president of the United States was the driving force behind a conspiracy to murder President John F Kennedy on November 22 1963 In The Man Who Killed Kennedy you will find out how and why he did it Political consultant strategist and Libertarian Roger Stone has gathered documents and used his firsthand knowledge to construct the ultimate tome to prove that LBJ was not only involved in JFK s assassination but was in fact the mastermind With 2013 being the fiftieth anniversary of JFK s assassination this is the perfect time for The Man Who Killed Kennedy to be available to readers The research and information in this book is unprecedented and as Roger Stone lived through it he s the perfect person to bring it to everyone s attention *Conspiracy to Assassinate President John F. Kennedy, Dr. Martin Luther King Jr. and Senator Robert F. Kennedy.* John Patrick Roach Jr.,2013-07-23 This book is about grasping power and once achieving it using that power to assassinate all challengers to the power gained The Warren Commission Report concluded that Lee Harvey Oswald acted alone and was not part of a conspiracy and went on to say that there is no evidence of a conspiracy This report pacified the American public for the last 49 years Logic and Reason dictates otherwise Each of us have the ability to use our own logic to determine who had the most to gain from the President John F Kennedy assassination However it seems unreasonable that he could do it alone and get away with it So it doesnt pass the reason test Therefore logic again comes into the equation that would require a co conspirator capable of providing a complete cover up so the conspirators will never be caught The co conspirators need only patsies to take the blame with promises of a fee or fame or whatever satisfies their weaknesses With the Kennedy assassination completed and blamed on Lee Harvey Oswald who is murdered before he can utter more than Im just a patsy the American population seems satisfied

that he paid for his crime while the conspirators remain free Using the same procedure of patsies to take the rap the logical conspirators assassinate Martin Luther King Jr and Senator Robert Kennedy a leading Democratic Candidate for President in 1968 and got away with it Your use of logic and reason may lead you to the same conclusion that a conspiracy of the highest magnitude took the lives of these three idealists *Kennedy's Last Days* Bill O'Reilly,2013-06-11 Adapted from O'Reilly's bestselling nonfiction historical thriller *Killing Kennedy* this book offers younger readers a gripping account of the events leading up to the most notorious crime of the 20th century **The Assassination of JFK** Robert A. Wagner,2017-03-07 *The Assassination of JFK Perspectives Half a Century Later* is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound *The Assassination of JFK Perspectives Half a Century Later* presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment **Disaster Beckons** Gene Balliett,2018-01-19 The novel *Disaster Beckons* is about the planned bombing of a Sunni mosque in Miami Florida by a terrorist Shi'a cell and how their plan is blocked by opposing Shia Muslims their Christian friends and Muslim agents from the Miami FBI office Their motivation if the mosque is destroyed the 1400 year war between Sunni and Shi'a tribes will likely be avenged and moved from the Middle East to the United States if not to all of North America **100 Unexpected Statements about Killing Kennedy** Henry Stubbs,2013-03 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of *Killing Kennedy* *The End of Camelot* Don't say we didn't warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled

[Thinking Critically About the Kennedy Assassination](#) Michel Jacques Gagné, 2022-03-27 *Thinking Critically About the Kennedy Assassination* uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book's opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy's life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK's murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking
