Gender Research in Africa Vivian Ojong,R. Sooryamoorthy,2025-09-30 This book considers how methodologies theories and analytical frameworks from gender studies can be applied to African societies cultural social and historical contexts The book advocates for the importance of feminist research practices which highlight women and their lived experiences within a gendered world in Africa Gender studies has grown in prominence over recent decades rooted in an awareness that gender is no longer just an issue in the margins but core to the analysis of the interaction of power identity and social relations in the world This book considers how the field can evolve further in a postcolonial context integrating indigenous and local knowledge systems and practices Covering how gender is contested in African settings the book outlines how researchers can approach the ways in which social and racial categories class ethnicity and socioeconomic status intersect to produce gender based violence Overall this book shows how gender sensitive methodologies can help researchers to gain deeper insights into discrimination inequalities and gender based violence and thus contribute to better adapted social and legal

reforms **Key Concepts in Sociology** Kenneth Roberts,2008-09-26 Complementing the student s primary reading Key Concepts in Sociology presents a comprehensive glossary of the key terms concepts and figures that dominate the sociological landscape Organized alphabetically and cross referenced for ease of use and accessibility the book also provides suggestions for further reading to consolidate learning Sustainable Human Resource Management in Tourism Tom Baum,Ann Ndiuini,2020-04-11 This book addresses the application of sustainable HRM principles within tourism in the specific context of Africa a neglected area of study It draws on diverse aspects of HRM from the micro individual through the meso level organisational to the macro level policy governmental It also reflects the diverse challenges facing a critical area within emerging African tourism that of its workforce The book is substantially research based and provides a state of the art picture of emergent studies in this area drawing on case examples from a wide range of African contexts As such it provides a comprehensive resource and starts discussion in an emergent research area *An Ethnography of Urban Exploration* Kevin P. Bingham,2020-10-01 This book analyses a unique leisure world that has been built around a newly emerging phenomenon known as urban exploration the art of exploring human made environments which are generally abandoned or hidden from sight of the public eye Drawing on Michel Foucault s concept of heterotopia Bingham provides a detailed and critical investigation of urban exploration as a form of leisure that is about the coming together of drifting performers who in their celebration of rebellion and deviance are determined to find a sense of meaning and belonging The research considers the influence of consumer capitalism on urban explorers and the wider social economic and political context that shapes ideas of belonging and identity in the twenty first century By doing this the book analyses urban exploration as an activity that has emerged in a time when human ideas about culture individuality and community have transformed and solid modernity is gradually disintegrating around us This multi and interdisciplinary work will appeal to people with an interest in abnormal or deviant leisure as well as academics from sociology anthropology social geography leisure studies cultural studies sport and recreation and tourism **Sustainable Tourism IX** J. Casares,F. Pineda,2020-09-28 Today tourism is an important component of development not only in economic terms but also for knowledge and human welfare Tourism today is an activity accessible to a growing number of people The phenomenon has many more advantages than disadvantages New forms of economic development and increasing wealth of human societies depend on tourism Our knowledge of the world now includes a strong component due to tourism Human welfare has physiological and psychological elements which tourism promotes both because of the enjoyment of knowing new territories and increasing contacts with near or far away societies and cultures The tourism industry has nevertheless given rise to some serious concerns including social costs and ecological impacts Many ancient local cultures have practically lost their identity Their societies have orientated their economy only to this industry Both the natural and cultural rural or urban landscapes have also paid a high price for certain forms of tourism These problems will persist if the economic benefit is the only target leading to economic gains that eventually become

ruinous It is also important to consider that visitors nowadays are increasingly demanding in cultural and environmental terms Never before have transport and communication links been so important as today Natural ecosystems are now a rarity on the planet and ecologists talk today about socio ecosystems Given this tourism and environmental education are facing a major challenge Tourism also plays an important role in the natural environmental changes that are strongly affected by technological and social developments Natural changes are inherent in the Earth s ecosystem the ecosphere Also technological and social changes are inherent to mankind the noosphere and are now becoming widespread Cities are growing rapidly and industry requires increasingly larger areas Many traditional rural areas are being abandoned However many historic agricultural districts have maintained or even recovered their local population numbers through intelligent strategies of tourism focused on nature and rural culture Natural landscapes and biodiversity are becoming increasingly appreciated The tourism industry must be able to respond to these aspirations The 9th International Conference on Sustainable Tourism had the aim of finding ways to protect the natural and cultural landscape through the development of new solutions which minimise the adverse effects of tourism A selection of the papers presented at the meeting form this volume
