Sullivan, Pamela M., Lantz, Jessica L., Sullivan, Brian A., 2019-11-22 The allure and marketplace power of digital technologies  
continues to hold sway over the field of education with billions spent annually on technology in the United States alone  
Literacy instruction at all levels is influenced by these evolving and ever changing tools While this opens the door to  
innovations in literacy curricula it also adds a pedagogical responsibility to operate within a well developed conceptual  
framework to ensure instruction is complemented or augmented by technology and does not become secondary to it The  
Handbook of Research on Integrating Digital Technology With Literacy Pedagogies is a comprehensive research publication  
that considers the integration of digital technologies in all levels of literacy instruction and prepares the reader for inevitable  
technological advancements and changes Covering a wide range of topics such as augmented reality literacy and online
