Guns on Trial Edward Green, 2009-11 When the love of his life is slain in an assault on a hospital by terrorists striving for maximum carnage John Foxcroft first violinist of the National Symphony Orchestra and ex Marine bandsman grieves inconsolably and vows vengeance On learning that the killers acquired their automatic rifles legally in the United States through a loophole in the law that allows unlicensed dealers to sell without background checks he focuses his rage on powerful interests that thwart strict gun laws His armed campaign panics the gun establishment by destroying the offices of the American Firearms Association and a gun show but without inflicting human injury An arrest leading to trial locks the advocates of gun control and gun rights into a fierce debate which reaches its climax in an internationally headlined criminal trial A maverick judge permits freewheeling debate to displace rules of testimony in a trial modeled procedurally after the historical Scopes monkey trial In the novel's most noteworthy contribution to the real world gun debate the defense demolishes the scientific foundations of the pro gun case represented by the prosecution with a simple yet overpowering logic Biographical sketches and events in the lives of the characters illuminate the human side of actions leading to and flowing from the hospital massacre John mends his heartbreak in a relationship with Libby Taylor also a survivor of the hospital massacre Defense Attorney Aaron Klein and Jesuit priest Father James Rourke conspire to conceal John's role as shooter The saga of the Al Qaeda terrorists sanctified by Osama Bin Laden takes the reader from the mountains bordering Afghanistan and Pakistan to the United States then to Guantanamo where the captives undergo interrogation Police strategizing to catch the shooter journalists putting events into context gun show pageantry gun lore brainstorming in gun association meetings and jurors deliberations bring to life the strategies and tactics of the combatants in the gun wars Although this is a work of fiction the claims counterclaims and evidence set forth in the trial testimony are authentic

google books *Our Lost Constitution* Mike Lee, 2015-04-07 The still unfolding story of America's Constitution is a history of heroes and villains the flawed visionaries who inspired and crafted liberty's safeguards and the shortsighted opportunists who defied them Those stories are known by few today In *Our Lost Constitution* Senator Mike Lee tells the dramatic little known stories behind six of the Constitution's most indispensable provisions He shows their rise He shows their fall And he makes vividly clear how nearly every abuse of federal power today is rooted in neglect of this Lost Constitution For example The Origination Clause says that all bills to raise taxes must originate in the House of Representatives but contempt for the clause ensured the passage of Obamacare The Fourth Amendment protects us against unreasonable searches and seizures but the NSA now collects our private data without a warrant The Legislative Powers Clause means that only Congress can pass laws but unelected agencies now produce ninety nine out of every one hundred pages of legal rules imposed on the American people Lee's cast of characters includes a former Ku Klux Klansman who hijacked the Establishment Clause to strangle Catholic schools the Chief Justice of the Supreme Court who called the Second Amendment a fraud and the revered president who began his first of four terms by threatening to shatter the balance of power between Congress and the president and who began his second term by vowing to do the same to the Supreme Court Fortunately the Constitution has always had its defenders Senator Lee tells the story of how Andrew Jackson noted for his courage in duels and politics stood firm against the unconstitutional expansion of federal powers He brings to life Ben Franklin's genius for compromise at a deeply divided constitutional convention And he tells how in 2008 a couple of unlikely challengers persuaded the Supreme Court to rediscover the Second Amendment's right to keep and bear arms Sections of the Constitution may have been forgotten but it is not too late to bring them back if only we remember why we once demanded them and how we later lost them Drawing on his experience working in all three branches of government Senator Lee makes a bold case for resurrecting the Lost Constitution to restore and defend our fundamental liberties
