Winning a High-Speed, Close-Distance Gunfight Lou M. Chiodo,2009-01-01 A firearms training program geared for the high speed close distance conditions of a real gunfight needs to be about fighting not just shooting Former U S Marine and California Highway Patrol veteran Lou Chiodo recognizes this fact and Winning a High Speed Close Distance Gunfight outlines the fundamentals of his reality based program one that enjoys one of the highest police officer survival ratings in the country During his police service Chiodo realized that standard firearm qualification courses do not prepare officers to face the high stress environment that they experience in real gunfights multiple round rapid fire engagements at danger close distances often in low light He studied survival stress and confrontation dynamics from all angles and used his findings to develop the training methods outlined in this book Through innovative ranges and drills that replicate the conditions of actual street engagements along with a radical but surprisingly

simple retooling of firearm qualification courses Chiodo shows how you can achieve true combat accuracy when the bullets are flying for real Whether you are a police officer firearms instructor or armed citizen Winning a High Speed Close Distance Gunfight will help you evaluate your present program and adopt useful training methods to prepare for real life armed confrontations Read this valuable book and start training to fight not just to shoot Guns of the Gunfighters Doc O'Meara,2003 These are the guns of legendary lawmen outlaws and TV heroes Includes brief biographies of more than 50 gunslingers half from the Old West and half from Hollywood plus fascinating stories about 1950s and 1960s celebrities
