training issues facing the Army as the 21st% Century Force becomes increasingly digital The focus of this report is on
understanding the significant change brought about by digitization and the ramifications that may result in degraded mode
or back up training requirements This report is the first of three prepared under the U S Army Research Institute s Studies
and Analysis effort titled Back Up Training Requirements for the Digitized Battlefield Issues and concerns documented in this

report are addressed in two subsequent study reports Analysis of Emerging Digital and Back Up Training Requirements and Issues and Recommendations Training the Digital Force The impetus for this effort was provided by the Deputy Chief of Staff for Personnel s Directorate of Personnel Technologies Of concern was the lack of analysis regarding how the Army should address training and sustaining conventional or back up skills for operations when digital system capabilities become degraded This issue will become increasingly important as digitization of the force increases and resources decrease DITC
