books *Introduction to Criminology* Pamela J. Schram,Stephen G. Tibbetts,2017-02-13 Introduction to Criminology Why Do

They Do It Second Edition by Pamela J Schram Stephen G Tibbetts offers a contemporary and integrated discussion of the key theories that help us understand crime in the 21st century With a focus on why offenders commit crimes this bestseller skillfully engages students with real world cases and examples to help students explore the fundamentals of criminology To better align with how instructors actually teach this course coverage of violent and property crimes has been integrated into the theory chapters so students can clearly understand the application of theory to criminal behavior Unlike other

introductory criminology textbooks the Second Edition discusses issues of diversity in each chapter and covers many contemporary topics that are not well represented in other texts such as feminist criminology cybercrime hate crimes white

collar crime homeland security and identity theft Transnational comparisons regarding crime rates and the methods other countries use to deal with crime make this edition the most universal to date and a perfect companion for those wanting to

learn about criminology in context Firearms Legislation United States. Congress. House. Committee on the Judiciary.

Subcommittee on Crime,1975 Goal-based Decision Making Stephen Slade,2013-06-17 This work presents a goal based

model of decision making in which the relative priorities of goals drive the decision process a psychological alternative to traditional decision analysis Building on the work of Schank and Abelson the author uses goals as the basis for a model of

interpersonal relations which permits decisions to incorporate personal and adopted goals in a uniform manner The theory is modelled on the VOTE computer program which simulates Congressional roll call voting decisions The VOTE program expands traditional decision making and simulation models by providing not only a choice but also a natural language explanation in either English or French It simulates real members of Congress voting on real bills and producing reasonable explanations The program is consistent with much of the descriptive political science literature on Congressional decision making and provides an explicit model of political issues relationships and strategies that converge in voting behavior In developing the VOTE program the author draws on his own practical experience in politics from four presidential campaigns and the White House Given the underlying psychological basis of the program VOTE can be extended to other decision making domains different from politics Another use for the program is to simulate business decisions such as securities analysis as well as mundane decision making such as choosing a college or deciding whether to get a Mohawk haircut An Invitation to Debate Ben Voth,2025-08-07 This comprehensive introductory textbook gives students the framework and tools to become great debaters and use those skills to further civil and respectful responses on contentious topics Focusing on core concepts and skills of research reasoning and argumentation with a special focus on debate rhythms the book builds students ability to express ideas and respectfully dissent ultimately improving their individual resilience in adverse circumstances and encouraging the emergence of communal values in society An Invitation to Debate takes students on a step by step preparation of case research speech composition rebuttals and resolutions It is not specific to a particular debate style allowing professors to use the book across a variety of procedural types including policy British Parliamentary Lincoln Douglas International Public Debate Association world schools and Coolidge As the most up to date debate textbook An Invitation to Debate will show students how to use AI technologies to aid but never replace their own case preparation Throughout the book students will be challenged to consider opportunities for debate to create more civil and fruitful discussion in their daily lives and on the world stage where respectful debate can break through political barriers and counteract social injustices **Congressional Record** United States. Congress,2000 **Guns, Gun Control, and Elections** Harry L. Wilson,2007 Gun related violence remains an intractable problem despite a decline in the past decade Some believe the solution lies in stricter gun control laws while others think these measures would be ineffective or counter productive Guns Gun Control and Elections examines current gun control policy and explains how it was adopted by discussing the roles and interactions of elected officials interest groups political parties and the public Original research on media coverage and public opinion as well as a chapter on state policy Virginia make the book both informative and accessible The book focuses on the utility of gun policy and its discussion of policy impact is grounded in real world politics The author highlights the importance of gun control in the presidential elections of 2000 and 2004 as well as in some U S Senate and statewide campaigns *Gun Control* Matt Doeden,2011-10-01 Examines the history of gun control including

statistics legislation and expert opinions from both sides of the debate *Killing the Eagle* G.E. Miller,2013-10-23 The 3rd Final Novel in the New Madrid Trilogy It is two months following the massive series of earthquakes on the New Madrid fault and the near miss from a meteor The earthquake created chaos and anarchy in Americas Midwest and the meteor had the same effect worldwide Many religious groups believe the End of Days is here signs of Gods wrath appearing in the news daily Massive fish kills in the oceans volcanic eruptions earthquakes tsunamis and escalating hostilities between third world nations targeting America are believed to be certain and unmistakable signs of the End Times As organized gangs hate groups mafias from Russia Mexico and Italy all jockey for power and control in a vacuum created by the anarchy because there is not enough law enforcement personnel to meet citizens needs Americans flock to militias in an effort to organize Their intent To protect the American Constitution from a corrupt government Hell bent on taking firearms out of the hands of law abiding citizens and to rewrite the 2nd Amendment to guarantee only the elite are allowed weapons Critical mass is imminent as all these factions bring their influence to bear for control of the United States some to knock it off its perch as the mightiest Nation on the face of the Earth others wanting to preserve the dreams of its Founding Fathers Our hero and heroine from the Cataclysm Scroll return with the Sioux shaman united by a common goal to bring an end to the violence shaking America at its very soul Can only three individuals put a dent in the chaos Will the militias be successful in cleansing the corruption in Washington D C and save their Nation Read *Killing the Eagle* and find out **Research Anthology on Modern Violence and Its Impact on Society** Management Association, Information Resources,2022-08-12 Violence on both large and small scales has a tremendous impact on society The causes and impacts of violence have been under study for decades however in the modern era it is important to remain knowledgeable of the current research on violence As tragic events flood news headlines around the world it is essential to evaluate violence its causes and its impact on society in order to mitigate and prevent violence globally The Research Anthology on Modern Violence and Its Impact on Society discusses the causes ideologies and perceptions of modern violence and examines its impact on society It presents emerging research on modern violence in multiple dimensions from interpersonal to mass violence Covering topics such as gun violence radicalization and victim offender overlap this major reference work is an essential resource for sociologists politicians government officials law enforcement community leaders educators and administrators of both K 12 and higher education students of higher education psychologists criminologists victimologists researchers and academicians **Crime and Criminal Justice** Stacy L. Mallicoat,2019-01-02 The text is logically organized and easy to read and understand Students will find the text intriguing as they move through the coverage of the controversies from the text Michelle L Foster Kent State University Updated with new content and current controversies that facilitate critical thinking debate and application of the concepts Mallicoat s *Crime and Criminal Justice* Second Edition provides accessible and concise coverage of all relevant aspects of the criminal justice system as well as unique chapters on victims and criminal justice policy Using an

innovative format designed to increase student engagement and critical thinking each chapter is followed by two Current Controversy debates that dive into a critical issue in criminal justice These features challenge misconceptions by providing a balanced debate of both the pros and the cons of each issue and are followed by probing questions to help students think critically about timely topics With contemporary examples that students can easily apply and a broad range of effective learning tools this practical text helps students go beyond the surface toward a deeper understanding of the criminal justice system This title is accompanied by a complete teaching and learning package **Reflections on Contemporary Life** Reza Noubary,2019-07-29 It all started around sixty years ago when a young boy witnessed an earthquake that caused detrimental harm to an innocent community The unfortunate event left a deep impression on him He couldn't forget that when he would ask about it he would only be told that they must have done something bad to anger the god Even though he was still young he did not find the answer convincing He then devoted almost all his waking moments to thinking about and making sense of what happened that day He wondered what could have been done to prevent it leaving him in a disarray of thoughts This became a stimulant for his inquisitive mind and an incentive to strive to understand disaster like events In the case of earthquakes his struggle resulted in two books and more than fifty research articles The present book reflects the boy's who is now an old man life experiences and from looking at the world around him as an insider outsider majority minority winner loser believer denier single married student teacher son father grandfather uncle friend and enemy His quest for finding answers to his many questions led him to live and work in places such as Belgium England Germany Italy Iran and the United States In his past journey he had to deal with a hard childhood poverty health issues both physical and mental revolution war shortage pain and suffering around him and the stress of learning different languages and adjusting to different cultures Through these hardships he learned a great deal about the dynamic aspects of life and the changes that take place accordingly The book reflects all this together with his multicultural background and views on topics such as social values living faith mathematics sports and health Firearms Legislation: (Washington) May 14, July 17, 23, 24, September 24, and October 1, 9, 1975 United States.
