Elegy & Paradox William David Shaw,1994 Shaw argues that the idea of an elusive truth of an apparent contradiction that invites resolution explains the power of many elegies we read After exploring paradoxes of performative language and circular form in classical and confessional elegies respectively he examines the paradoxes of a silent speaking word in Romantic elegy and paradoxes of breakdown and breakthrough in modern elegy A contrast between strong and weak mourners in Ben Jonson's and Henry King's elegies between impact and tremor in Tennyson's elegies and between tough and tender minded mourners in Frost's Home Burial suggests that reading elegies like writing them is more than an academic exercise it is also a life and death issue
