How To Attract Women With Humor Leonard Bustos,Leonardo Amorado,2013-09-16 I m going to show you how fun and exciting it is to approach practically any woman practically anywhere and have an immediate humorous connection with her Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires and your going to learn how to develop those Attractor Factors that tap into a woman s primal needs and desires I m going to let you in on a little secret Real men want to have sex with as many beautiful women as they possibly can I know you re probably shocked at this astonishing revelation but don t be alarmed It s not your fault and it s nothing to hide or be ashamed of In fact if your ancestors didn t feel the same way you wouldn t be here It s important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners However that doesn t mean this powerful urge still doesn t exist To this day learning to control this instinctive impulse tends to be the ultimate male dilemma Guess what Women desire and crave sex too The problem is too many guys are either too passive and conceal their sexual interest in women or they act like aggressive idiots and drive them away There is a very cool and natural way to approach and attract women so they become interested in you first and I m going to show you how to do it There s no doubt that women want to be sexually attractive and wanted by men They are

actively looking for those men who have the ability to unlock the code to their natural instinctive desires This book is going to teach you how to develop those traits and skills that tap into a woman s primal needs and desires You will become in so many words simply irresistible Attraction is not a choice These are natural biological reactions embedded in our DNA developed over tens of thousands of years Just as men have these responses to attractive women so do women have similar reactions when they observe men with certain masculine traits We often think of the male as competing with other males for the prize of mating with the female but women of course also compete for the opportunity to mate with the male who has the most desirable traits I m going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women I m happy to report that some of you guys will be very relieved to know that looks aren t at the top of the list of attraction for women I m just saying If you want to experience life s ultimate pleasure of falling in love and being in love with all of the benefits that come with it like incredible sex great companionship having someone to laugh with someone to be there for you through good times and bad and just having a partner to share and experience life with then I promise to show you how to connect with her if you are willing to take the necessary steps I m about to share I can t think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life Finding a quality woman all begins with meeting her and in order to meet her you ll need to know how to approach and cause her to be attracted and interested in you *How To Make A Woman Chase You* Salim Khan Anmol,2016-07-10

- 1 Make A Unique First Impression A good first impression can be the difference when trying to impress someone While impressing someone may come naturally to you to make her want to chase you you would like to make a good first impression and a unique one The chances are that many people have tried flirting or offering compliments to her in an attempt to entice her and captivate her attention so try something special that will make you stand out from the crowd and make her remember you Have a natural attitude and ensure eye contact together with a secure but not too strong hand shaking when introducing yourself
- 2 Mind Your Appearance When You Are Around Her Make sure you re well groomed and well dressed around her However do not go overboard and resort to peacocking Make it seem like it is the norm with you A woman loves a man who takes care of his body and appearance This will intrigue her and make her want to know you even more
- 3 Show Her Your Mysterious Side Maintain your allure for her to unravel and further stand out from other potential partners in her life We re not saying start acting shady or be evasive and vague during your conversations Instead make yourself some sort of an enigma someone who isn t easily figured out to pique her curiosity and keep her wanting to know more This will drive her to want to get to know you and hopefully pursue a romantic relationship with you
- 4 Exude Confidence Confidence is key especially when you are in a position where you want her to woo court or chase you When you meet her project confidence emit charm and be friendly If you act nervous or insecure she may not only find it unattractive but also assume that you are not someone who can be taken seriously
- 5 Hold Back A Little If things have progressed to the

point of a relationship it might be a good idea to hold back a little once in a while to pique her interest Ask her out occasionally but don't go overboard with it Let her also try to mesmerize or seduce you This also holds true when gifting texting or making general contact with her

Psychology ,1929 The Art of Flirting
 Anthony Ekanem,2016-07-20 What do you know about flirting This question might seem easy since we ve all at least tried to get it done properly a couple of times Dressing up to impress the opposite sex complimenting them and sending cheesy pickup lines their way are all various techniques created to attract women but do you really know what flirting entails In a nutshell flirting refers to a sort of mating ritual that isn t exclusive to human beings alone Take animals for example Do you ever wonder if the songs that birds sing have any meaning to them Do you think it s only a coincidence that peacock feathers are so colorful and stylish Have you ever wondered why apes beat their chests like that Well there is a simple answer to all of that they are a small part of these animals mating rituals Although flirting tactics tend to be one of a kind for every species out there their goals aren t Human beings need to use non verbal and verbal cues to attract potential mates Men for one need to take certain actions in order to impress their choice of women humor intelligence money confidence and social status are all a part of this Just like male apes beating their chests these are merely several signals that we emit to show how worthy and desirable we can be to women This is why flirting is considered a mating ritual Moreover flirting is actually done unconsciously just like with the animals Do animal mating rituals look pre planned to you Well they aren t The truth is these rituals all come from nature and are done to keep the life cycle going Each creature on this planet was bred for this particular purpose after all human beings included And as with animals human beings do not think before they flirt they simply flirt As a matter of fact we only become aware of flirting when it ends up backfiring Each guy on earth has come across a situation where some girl flirted with him and ended up acting annoyed after he flirted back
