Chevy Drag Racing 1955-1980: A Celebration of Bowtie's Success at the Drag Strip Doug Boyce,2020-03-15 Relive the glorious first 25 years of Chevy drag racing in this comprehensive and nostalgic history With the introduction of Chevy s OHV V 8 in 1955 the brand s domination on the drag strip immediately snowballed Drag racers loved the compact V 8 It was lightweight revved high and responded like no other engine previously produced to modification Chevy saw a record year in sales in 1955 thanks to a combination of a restyled body and the new mill It was the age of ingenuity and those who could get their hands on the new engine were swapping it into engine bays that once housed other weaker mills Ford s flathead one that had dominated for so long was rendered obsolete almost overnight Chevy had a winner and dominated the sales charts for years to come Aftermarket manufacturers got on board and offered up all the go fast goodies needed to make Chevy a winner no matter what category they ran From Dragsters to Stock Chevy s success was

immediate And it was a long term success thanks to a combination of years of great styling and a vast array of driveline combinations Accomplished racing author Doug Boyce takes a celebratory look at those years of success with a focus on the first 25 years 1955 through 1980 Chevrolets gave rise to such stars as Bill Grumpy Jenkins Jungle Jim Liberman Sneaky Pete Robinson Dyno Don Nicholson Sox Martin Dick Harrell Dave Strickler and many more World champs and fan favorites all drove Chevys The success showed in the record books No brand has won more races and events or has set more national records than Chevrolet And unlike the other manufacturers Ford and Chrysler it was done with little to no factory support Whether you are a hardcore Chevy fan or just love catching up on the history of drag racing during the golden age this nostalgic look at Chevy racing history is sure to entertain for hours on end [Drag Racing's Rebels](#) Doug Boyce,2023-11-06

Learn the entire fascinating story of the American Hot Rod Association AHRA in this wonderfully illustrated color history When the National Hot Rod Association NHRA was formed in 1951 by Wally Parks the reasoning for the formation was to create order from chaos by instituting safety rules and performance standards that helped legitimize the sport of drag racing Some organization was certainly necessary A postwar boom in automotive enthusiasm was reaching new heights and Hot Rod magazine and the NHRA were right in the thick of it The NHRA hosted its first drag racing event in 1953 and in 1955 the organization staged its first national event which was simply called The Nationals The AHRA formed in 1956 as an alternative to the NHRA where the drivers voted on the rules rather than sanctioning bodies and tracks and their influence on the sport was felt almost immediately When the NHRA denied the use of nitromethane in 1957 the AHRA approved it When the NHRA banned aircraft powered dragsters in 1961 the AHRA welcomed them When the NHRA said no to the emerging Funny Car in 1965 the AHRA said yes When fans and racers screamed for a heads up Super Stock category in 1968 the AHRA delivered The AHRA was called a rebel association Some say that it was more of an association that got things done to the delight of fans and racers The AHRA was on equal ground with the NHRA by the 1970s drawing enormous crowds and racer entries In this fascinating history veteran author Doug Boyce tells the story of the AHRA the rise the competition the events and the eventual downfall of the organization After AHRA President Jim Tice passed away in 1982 internal fighting for control of the association resulted in its doom Get the whole story here and add this wonderful volume to your drag racing library
