Next Generation of Bluetooth and Wi-Fi Keunwoo Lim, 2024-07-16 This book helps readers to
 understand the past overview of technologies current how they are evolving and the future adaptation to new trends of two
 representative communication technologies Wi-Fi and Bluetooth Wi-Fi and Bluetooth are technologies that are very familiar
 to us in our everyday lives However these technologies have evolved throughout the years to meet the continuously changing
 demands of users Evolution of these technologies can be difficult to understand even for professionals in the field of
 computer science and engineering due to the extensiveness and complexity of written documents technical standards and
 specifications are not very reader friendly Next Generation of Bluetooth and Wi-Fi summarizes the key functions of Wi-Fi and
 Bluetooth to show how they adapt to new environments and requirements We introduce the new concepts that allow them to
 shift into the new paradigm of IoT and beyond and we propose ideas and insights on how they could also possibly evolve in
 the future integrated with other fascinating technologies
