Personally I suggest the following guidelines for preparing E book in Epub format Write the document in Microsoft word as docx file Make sure to properly setup the h1 headings and h2 headings and h3 headings on each section of the document as these data are the most important data used by the Epub management software to convert the document to epub format Convert the Microsoft document to Epub format using Calibre E book management software Add all required metadata and the cover and also create a table of contents when converting the file Using any Epub reader check if the layout of epub document according to the headings you made on the word document is good and comfortable to any reader Validate the epub document to see if it has errors and warnings using the website [http validator idpf org](http://validator.idpf.org) Then try to troubleshoot and identify the exact location of the errors detected by the epub validator on the epub document by tracing the code view of the epub document using Sigil epub editor Then modify the word document to eliminate the errors And reconvert the word document to epub format using Calibre E book management software Validate the updated epub document for any errors again This book contains the following sections 1 Some online publishing and distribution stores 2 Epub Validators 3 Creation Epub file through online websites 4 Common software s to convert a file to Epub format 5 Converting document to Epub format using Calibre software 6 Editing Epub documents using Sigil Epub Editor [IBM Content Manager OnDemand Guide](#) Zhu Wei-Dong,Jim Ilardi,Deborah Matamoros,Trina D Morgans,Paula Muir,Hassan A Shazly,Edward E Stonesifer,Vanessa T Stonesifer,Sebastian Welter,IBM Redbooks,2016-05-04 This IBM Redbooks publication provides a practical guide to the design installation configuration and maintenance of IBM Content Manager OnDemand Version 9 5 Content Manager OnDemand manages the high volume storage and retrieval of electronic statements and provides efficient enterprise report management Content Manager OnDemand transforms formatted computer output and printed reports such as statements and invoices into electronic information for easy report management Content Manager OnDemand helps eliminate costly high volume print output by capturing indexing archiving and presenting electronic information for improved customer service This publication covers the key areas of Content Manager OnDemand some of which might not be known to the Content Manager OnDemand community or are misunderstood The book covers various topics including basic information in administration database structure storage management and security In addition the book covers data indexing loading conversion and expiration Other topics include user exits performance retention management records management and many more Because many other resources are available that address subjects on different platforms this publication is not intended as a comprehensive guide for Content Manager OnDemand Rather it is intended to complement the existing Content Manager OnDemand documentation and provide insight into the issues that might be encountered in the setup and use of Content Manager OnDemand This book is intended for individuals who need to design install configure and maintain Content Manager OnDemand *How to Create, Publish, Promote & Sell an eBook Successfully All for FREE.
