The Torah Revolution Rabbi Reuven

Hammer, PhD,2011-10-01 Unlock the powerful truths that shattered ancient beliefs and paved the way for the new and revolutionary religion that became Judaism This is a unique look at the Torah the foundation of Jewish existence and the revolutionary teachings of Moses embedded within it that gave birth to Judaism and influenced the world Dr Reuven Hammer presents fourteen radical ideas found in Torah explains their original intentions and shows how understanding these truths can help you better understand the narrative and laws of Judaism He shows how when taken together these value concepts present a picture of human life that is surprisingly modern and relevant to our goals for repairing the world today Humanity is one as God is one Human beings are responsible for their actions and have the choice to do good or evil Poverty deprivation slavery and hatred are evils that must be eradicated The earth is not ours to destroy The love of others is a divine command And much more *The Book of Words* Rabbi Lawrence Kushner,2011-04-01 According to the Hebrew Bible God made the world with words God just spoke and the world became reality The Aramaic for I create as I speak is avara k davara or in magician s language abracadabra This does not protect words from the numbing effects of overuse in any religious

tradition We need to dust off the words shake away the accretions wonder again about what they originally might have meant and enable ourselves to live in the word from the Introduction With creativity and poetry and occasional heresy Kushner dusts off thirty classical Hebrew words shakes them free of the effects of generations of overuse re translates them and liberates their ancient holy power The result is a contemporary spiritual guide for your personal religious life According to the Hebrew Bible God made the world with words God just spoke and the world came into being Words therefore are not merely sounds signifying something else they are instruments of creation primary reality itself They need only to be read spoken and interpreted And to know them is to know reality itself Kushner has designed the book himself seamlessly blending graphics and content In doing so he evokes the aesthetics of an ancient manuscript and a vision of our power to shape the future Each finely crafted chapter begins with a Hebrew word and Kushner s provocative English translation At the bottom of the page is a transliteration of the Hebrew along with its more customary English rendering In addition to his own intriguing definition he includes a biblical citation anchoring the word along with a more recent text showing the word s evolution Finally we are offered a personal meditative exercise designed to enable you to live in the word
