Keep Your Airspeed Up Harold H. Brown, Marsha S. Bordner, 2017-08-08 Inspiring memoir of Colonel Harold H Brown one of the 930 original Tuskegee pilots whose dramatic wartime exploits and postwar professional successes contribute to this extraordinary account Keep Your Airspeed Up The Story of a Tuskegee Airman is the memoir of an African American man who through dedication to his goals and vision overcame the despair of racial segregation to great heights not only as a military aviator but also as an educator and as an American citizen Unlike other historical and autobiographical portrayals of Tuskegee airmen Harold H Brown s memoir is told from its beginnings not on the first day of combat not on the first day of training but at the very moment Brown realized he was meant to be a pilot He revisits his childhood in Minneapolis where his fascination with planes pushed him to save up enough of his own money to take flying lessons Brown also details his first trip to the South where he was met with a level of segregation he had never before experienced and had never imagined possible During the 1930s and 1940s longstanding policies of racial discrimination were called into question as it became clear that America would likely be drawn into World War II The military reluctantly allowed for the development of a flight training program for a limited number of African Americans on a segregated base in Tuskegee Alabama The Tuskegee Airmen as well as other African Americans in the armed forces had the unique experience of fighting two wars at once one against Hitler s fascist regime overseas and one against racial segregation at home Colonel Brown fought as a combat pilot with the 332nd Fighter Group during World War II and was captured and imprisoned in Stalag VII A in Moosburg Germany where he was liberated by General George S Patton on April 29 1945 Upon returning home Brown noted with acute disappointment that race relations in the United States hadn t changed It wasn t until 1948 that the military desegregated which many scholars argue would not have been possible without the exemplary performance of the Tuskegee Airmen Western Aviation, Missiles, and Space ,1941 *Destination Space* Kenny Kemp, 2012-12-31 Award winning writer and journalist Kenny Kemp goes in search of the paying passengers who will make history on the first commercial flight into space They will be able to experience weightlessness witness the curvature of the Earth and have a unique view of the Universe seen only by astronauts Detailing their arduous training and how their bodies will be affected in space to the science business and politics behind this incredible breakthrough Destination Space describes just the beginning of an amazing adventure *Owner Assisted Aircraft Maintenance* Daniel MacDonald, 2011-07-21 From the back cover Have you ever wanted to participate in your aircraft s maintenance but were afraid to try Are the rising costs of flying keeping you on the ground This illustrated manual is written for mechanically inclined Part 91 pilot owner operators that are ready to learn more about their airplanes It describes common maintenance activities that are approved for pilots to perform by the FAA along with a number of other projects that

you might wish to complete under the supervision of a certified mechanic The book focuses on common legacy single engine aluminum aircraft built from the 1940s through today Whether changing your oil installing new tires or checking engine compression this 160 pages of text and photos provides procedures and tips gathered over the past 27 years **Aerial Age Weekly** ,1919 Flying Magazine ,1959-02 **Flying Magazine** ,1972-12 Flying Magazine ,1961-07 Flying Magazine ,1961-06 **The B-25 in the Backyard** Wally Soplata,2020-06-29 Only in America could Walter A Soplata the son of penniless Czech immigrants accomplish so much single handedly saving historic aircraft from World War II and other periods After a childhood spent building model airplanes while dreaming about having his own airfield Soplata worked in a large scrapyards taking apart hundreds of warplane engines Shocked to see a rare engine or sometimes a complete warplane on its way to the recycling furnace he began collecting whatever he could find and afford He eventually collected nearly 20 complete airplanes and countless pieces of others One of his Corsair fighters included the experimental F2G Corsair 74 that won the Cleveland National Air Races in 1947 Among other priceless airplanes he rescued was an experimental XP 82 Twin Mustang an F 82E Twin Mustang an X prototype Skyraider a stainless steel BT 12 and an F7U Cutlass Soplata hauled the Cutlass fuselage home by stuffing it inside a junked school bus for its 600 mile journey The story of a workaholic father and his aviation obsessed son this book records the accomplishments of a rare bird just like the many airplanes he saved
