How to Make a Success of Your Marriage - Psychological, Spiritual, and Emotional Guidance for a Long-Lasting Marriage without Counseling Dweep Jyot Singh, John Davidson, 2017-02-26 Table of Contents Introduction It Is All His Fault But I Married Too Young Self Justification Criticism and Contempt Escalation of the Situation The Silent Treatment Do NOT Bring Me Flowers Anymore The Importance of Physical Intimacy in a Successful Marriage Conclusion Author Bio Publisher Introduction All these years happily married and still going strong Once while I was training under a psychologist she told me that in her particular country nobody had ever heard of marriage counseling because the option of divorce a couple splitting up was unheard of in their culture traditions and upbringing For them marriage was a once in a lifetime proposition to be ended only after till death do us part And even then many partners did not marry again because they still considered themselves married to their spouses even after becoming a widow or widower I also have been brought up in such a supposedly old fashioned milieu and society naturally thanks to our upbringing culture and one may almost say old fashioned traditions for every one of us marriage is once and forever and never ever to be broken up under any circumstances So it was with great surprise that I began to see the trend of divorces gaining popularity because that had become a modern fashionable option and if so many people in the West were doing it this was of course the best way of getting out of a partnership which one had begun considering to be a bit of a drag and look for more exciting options elsewhere Sadly enough you are going to be surprised to know that statistics say that 27% of married American men are going to have an extramarital affair just because it happened and they could not control it Isn t it interesting to know that just three generations ago their own grandparents considered extramarital affairs to be a thing of shame not a thing of which a virtuous responsible father or husband did and faithfulness was a part of his principles upbringing tradition and culture He believed in his marriage vows And so did his wife And using him as an example his children followed in his steps But then suddenly in the 70s 80s and 90s it began to be fashionable to divorce and marry again not understanding about the emotional psychological spiritual physical and mental trauma this would have on all the members of the family parents and children
