Squirting - THE EASIEST PATH TO UNBLOCKING A WOMAN'S SEXUALITY Gustavo Guglielmotti,2020-08-03 Squirting is without a doubt the most amazing pleasure that a woman can experience But it is not the philosopher s stone for making her come It is only one out of many ways to stimulate pleasure in a woman This book will teach you how to stimulate the G spot which is the base for having sex connected to the clitoris but it is also how you stimulate the PS spot which is connected directly to anal sex To sum up the PS spot is responsible for anal pleasure and stimulating the PS spot is one way that a woman can experience the pleasure of an

anal orgasm even if women aren't open to even talking about anal sex Obviously after experiencing an anal orgasm it will be impossible for a woman not to be interested in anal sex because she will have valid reasons for wanting it This book is the most complete guide in the world on how to stimulate the PS spot Why Women Have Sex Cindy M. Meston, David M. Buss, 2009-09-29 An unparalleled exploration of the mysteries underlying women's sexuality that rivals the culture shifting Kinsey Report from two of America's leading research psychologists Do women have sex simply to reproduce or display their affection When University of Texas at Austin clinical psychologist Cindy M Meston and evolutionary psychologist David M Buss joined forces to investigate the underlying sexual motivations of women what they found astonished them Through the voices of real women Meston and Buss reveal the motivations that guide women's sexual decisions and explain the deep seated psychology and biology that often unwittingly drive women's desires sometimes in pursuit of health or pleasure or sometimes for darker disturbing reasons that a woman may not fully recognize Drawing on more than a thousand intensive interviews conducted solely for the book as well as their pioneering research on physiological response and evolutionary emotions Why Women Have Sex uncovers an amazingly complex and nuanced portrait of female sexuality They delve into the use of sex as a defensive tactic against a mate's infidelity protection as a ploy to boost self confidence status as a barter for gifts or household chores resource acquisition or as a cure for a migraine headache medication Why Women Have Sex stands as the richest and deepest psychological understanding of female sexuality yet achieved and promises to inform every woman's and her partner's awareness of her relationship to sex and her sexuality **Human Sexuality** Vern L. Fleisher, DMD, Roberta Foss-Morgan, DO, 2016-08-23 *The Sexless Marriage Fix* by doctors Robert Fleisher and Roberta Foss Morgan is the book that gets everyone talking about a problem no one is talking about sexless marriage Unfortunately it's an intimate problem that is nearing epidemic proportions But what many don't realize is that there are real solutions and it all begins with a blood test In this eye opening book the authors reveal the true causes of the decline in the nature and frequency of sexual relations including personal behavioral physical including hormonal psychological or combined factors an intimate and straightforward discussion on male and female sexuality including a frank exploration of aspects related to a decline in attraction unique to each gender how to work through virtually any problem with a comprehensive program designed to restore harmonious feelings and increase intimacy *Sex, Time, and Power* Leonard Shlain, 2004-08-03 As in the bestselling *The Alphabet Versus the Goddess* Leonard Shlain's provocative new book promises to change the way readers view themselves and where

they came from Sex Time and Power offers a tantalizing answer to an age old question Why did big brained Homo sapiens suddenly emerge some 150 000 years ago The key according to Shlain is female sexuality Drawing on an awesome breadth of research he shows how long ago the narrowness of the newly bipedal human female s pelvis and the increasing size of infants heads precipitated a crisis for the species Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles entraining them with the periodicity of the moon The results however did much more than ensure our existence they imbued women with the concept of time and gave them control over sex a power that males sought to reclaim And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history From the nature of courtship to the evolution of language Shlain s brilliant and wide ranging exploration stimulates new thinking about very old matters
