Mediación motivacional

Santiago Madrid Liras, 2018-06-06 Outra mediación es posible Encapsulada en principios que la aprisionan dividida por enfoques que se disputan la supremacía de sus líneas de intervención en los conflictos y anímica por la escasez de nuevas propuestas realmente significativas la mediación se debate entre su debacle y la necesidad de un impulso definitivo que supere su crisis actual La presente obra pretende participar en dicho impulso cuestionando y buscando superar esos

principios limitantes profundizando en los mecanismos psicológicos que se esconden en la gestación y en la superación de los conflictos integrando los enfoques ya reconocidos en la profesión incorporando otras formas de actuación y estudios de distintos campos del conocimiento y las propias propuestas de un autor con larga experiencia como profesional de la superación de conflictos Mediación motivacional es una obra no exenta de polémica pero con aportaciones bien asentadas y fundamentadas tanto para aumentar la comprensión de los factores implicados en los conflictos como para incorporar desde una visión integradora nuevas estrategias de intervención que den cuerpo y fortaleza a la nueva mediación
