Write like a Man Ronnie A. Grinberg, 2024-03-26 How virility and Jewishness became hallmarks of postwar New York's combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience *Write like a Man* examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of

Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America *Write like a Man* shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era *Food in the Movies, 2d ed.* Steve Zimmerman,2010-07-28

Although food has been part of motion pictures since the silent era for the most part it has been treated with about as much respect as movie extras it s always been there on the screen but seldom noticed For the most part filmmakers have settled on three basic ways to treat food as a prop in which the food is usually obscured from sight or ignored by the actors as a transition device to compress time and help advance the plot as a symbol or metaphor or in some other meaningful way to make a dramatic point or to reveal an aspect of an actor s character mood or thought process This hugely expanded and revised edition details 400 food scenes in addition to the 400 films reviewed for the first edition and an introduction tracing the technical artistic and cultural forces that contributed to the emergence of food films as a new genre originated by such films as *Tampopo* *Babette s Feast* and more recently by films like *Mostly Martha* *No Reservations* and *Ratatouille* A filmography is included as an appendix *A Companion to Steven Spielberg* Nigel Morris,2017-02-15

A Companion to Steven Spielberg provides an authoritative collection of essays exploring the achievements and legacy of one of the most influential film directors of the modern era Offers comprehensive coverage of Spielberg s directorial output from early works including *Duel* *The Sugarland Express* and *Jaws* to recent films Explores Spielberg s contribution to the development of visual effects and computer games as well as the critical and popular reception of his films Topics include in depth analyses of Spielberg s themes style and filming techniques commercial and cultural significance of the Spielberg brand and his parallel career as a producer and collaborative projects with artists and composers Brings together an international team of renowned scholars and emergent voices balancing multiple perspectives and critical approaches Creates a timely and illuminating resource which acknowledges the ambiguity and complexity of Spielberg s work and reflects its increasing importance to film scholarship *Where We Find Ourselves* Miriam Ben-Yoseph,Deborah Nodler Rosen,2010-03-24

In this remarkable collection of essays stories and poems Jewish women writers from around the world offer diverse perspectives on the idea of home The longing for home is as ancient as the exile from Eden and for the thirty nine writers showcased in this anthology the struggle to find and redefine home has been intensified by history the Holocaust and the diverse cultural political and religious contexts in which they live and write Together they explore the many natures and meanings of home home as a place one is born to and sometimes forced to leave home as a place one can journey toward or create home as an abstract composite of memories emotions and rituals Some of these writers contend with exile and anti-Semitism others

examine the mixed blessings of sheltered childhoods and all confront memories in which the historical and personal are intertwined Their range of perspectives and their personal approaches to a universal concern make *Where We Find Ourselves* a compelling read for students scholars and all who seek to understand what it means to be home *Gertrude Stein and the Making of Jewish Modernism* Amy Feinstein, 2022-06-28 Challenging the assumption that modernist writer Gertrude Stein seldom integrated her Jewish identity and heritage into her work this book uncovers Stein's constant and varied writing about Jewish topics throughout her career Amy Feinstein argues that Judaism was central to Stein's ideas about modernity showing how Stein connects the modernist era to the Jewish experience Combing through Stein's scholastic writings drafting notebooks and literary works Feinstein analyzes references to Judaism that have puzzled scholars She reveals the never before discussed influence of Matthew Arnold as well as a hidden Jewish framework in Stein's epic novel *The Making of Americans* In Stein's experimental voices poems Feinstein identifies an explicitly Jewish vocabulary that expresses themes of marriage nationalism and Zionism She also shows how *Wars I Have Seen* written in Vichy France during World War II compares the experience of wartime occupation with the historic persecution of Jews Affirming the importance of Jewish identity and modernist style to Gertrude Stein's legacy as a writer this book radically changes the way we read and appreciate Stein's work

Mamaleh Knows Best Marjorie Ingall, 2016-08-30 We all know the stereotype of the Jewish mother Hectoring guilt inducing clingy as a limpet In *Mamaleh Knows Best* Tablet Magazine columnist Marjorie Ingall smashes this tired trope with a hammer Blending personal anecdotes humor historical texts and scientific research Ingall shares Jewish secrets for raising self sufficient ethical and accomplished children She offers abundant examples showing how Jewish mothers have nurtured their children's independence fostered discipline urged a healthy distrust of authority consciously cultivated geekiness and kindness stressed education and maintained a sense of humor These time tested strategies have proven successful in a wide variety of settings and fields over the vast span of history But you don't have to be Jewish to cultivate the same qualities in your own children Ingall will make you think she will make you laugh and she will make you a better parent You might not produce a Nobel Prize winner or hey you might but you'll definitely get a great human being
