Bookreporter.com: Mark Helprin's legions of devoted readers cherish his timeless novels and short stories, which are uplifting in their conviction of the goodness and resilience of the human spirit. *Freddy and Fredericka*, a brilliantly refashioned fairy tale and a magnificently funny farce, only seems like a radical departure of form. Behind the laughter, Helprin speaks of leaps of faith and second chances, courage and the primacy of love. Helprin's latest work, an extraordinarily funny allegory about a most peculiar British royal family, is immensely mocking of contemporary monarchy and yet deeply sympathetic to the individuals caught in its lonely absurdities. *The Dramatic Works and Poems of William Shakespeare*
William Shakespeare, 1852 **Visions of Alterity**
Elke D'hoker, 2021-11-15 *Visions of Alterity: Representation in the Works of John Banville* offers detailed and original readings of the work of the Irish author John Banville, one of the foremost figures in contemporary European literature. It investigates

one of the fundamental concerns of Banville's novels mediating the gap between subject and object or self and world in representation. By drawing on the rich history of the problem of representation in literature philosophy and literary theory this study provides a thorough insight into the rich philosophical and intertextual dimension of Banville's fiction. In close textual analyses of Banville's most important novels it maps out a thematic development that moves from an interest in the epistemological and aesthetic representation of the world in scientific theories over a concern with the ethical dimension of representations to an exploration of self representation and identity. What remains constant throughout these different perspectives is the disruption of representations by brief but haunting glimpses of otherness. In tracing these different visions of alterity in Banville's solipsistic literary world this study offers a better understanding of his insistent and thought provoking exploration of what it means to be human. In It for the Long Run Scott Ludwig, Vanessa Stroud, 2012-09

Multiple races of marathon distance or greater in a month or perhaps in a weekend. Several unsupported runs of 50 and 100 miles through the mountains and forests several times a year. Have you ever considered running through a desert across a frozen tundra or over multiple mountain ranges? Why not run for three days straight to see how many miles you can accrue? Welcome to a place where no locale is too inhospitable and no distance impossible. Welcome to the Darkside. The Darkside Running Club established in 2002 is a place where runners meet to express their love for distance running and camaraderie by spending countless hours and miles committed to doing what they enjoy most. They share a singular focus towards achieving goals far off in the distance both literally and figuratively. With their dedication and commitment you may believe the Darksider to be a professional athlete or perhaps an Olympian. But you would be wrong; they are simply ordinary people doing extraordinary things in the sport they love: running. Highly competitive while never taking themselves too seriously, they strive to shave off minutes or perhaps hours while adding a mile or two or twenty while pushing their limits further and further. The impossible becomes possible; dreams become reality. They won't take no for an answer as they persevere to move beyond physical and emotional discomfort to finish what they started. Excuses don't exist. Their passion is contagious. So reader, be warned: they're in it for the long run. **Light**, 1917
