Shit That We Should Never Pass Along, and All That We Can Not Leave Behind M.J. Boin De, 2023-08-15 In late 1980s rural Kansas Mara finds herself taking on more than she can chew Mara's mother is a woman arguably ahead of her own time when it comes to the investigative day job she holds and her own progressive take and unwanted oversharing of her thoughts on the day's larger social justice issues Mara's story allows the reader to start their journey following her mother's divorce from Mara's abusive stepfather and make the move with Mara her two youngest sisters and her mother from city life to the rural awakenings that

seem to only exacerbate her mother's own baby boomer inclination towards double standards Sprinkle in three know it all rural town biddies to ensure that The Greatest Generation has their say and it's no wonder Xer children are now all referred to as survivors Mara is determined to show her mother and an entire town of rural Kansans that the only parties in need of a clue are they themselves As long as Mara remains convinced that she will win in the battle of wills against her seasoned mother absolutely nothing at all will go sideways in this book for any of the characters An authentic throwdown between the baby boomer and Xer generations delving into everything from childhood abuse racism abortion religion higher education and ensuring those familial elitists who we all believe we know and either love or hate are well set for the next generation of epic failure and loss Sure to infuriate all comers keep everyone laughing and crying in equal measures Mara and her mother prove that simply being human and a product of one's own generational time cultural norms and familial expectations is more than sufficient to ensure offensiveness for generations to come The challenge lies in learning to love and find the best in each other during times when the last thing in the world any of us wants to do is love or find the best in each other This book comes with every trigger warning known to mankind If you are a survivor of childhood sexual or physical abuse and trauma post abortion trauma or racial related childhood or adult traumas the author of this book cautions the reader This book is intended for mature audiences over the age of twenty five Parents are not advised to purchase this book for young teenage readers
