how little a person cares about others the cat's narcissism is not like that at all Cats may appear self centered but they watch us all the time taking us in They see us they notice us a far cry from vanity Cats are curious a trait that rarely kills them On the contrary it gives them the chance to assess in their own idiosyncratic way whether we are worthy of their attention Cats are happy to be themselves What they think of us is a different question entirely We need cats to need us notes Masson It unnerves us that they do not However if they do not need us they nonetheless seem to love us The Nine Emotional Lives of Cats will captivate readers with its surprises and insights offering a new perspective on the deep connection shared by humans and their feline friends This is the book that Masson's many fans and cat lovers everywhere have been waiting for
