bestselling author James Patterson explores the inner lives of the people who kindle our passion for reading When the pandemic started Patterson launched a movement SaveIndieBookstores and pledged half a million dollars and with the support of the American Booksellers Association and the Book Industry Charitable Foundation the campaign ended up raising 1 239 595 from more than eighteen hundred donors Somehow the bookstore outlived the pandemic Why The Secret Lives of Booksellers and Librarians compiled by James Patterson and Matt Eversmann suggests a few reasons New Yorker To be a bookseller or librarian You have to play detective Be a treasure hunter A matchmaker An advocate A visionary A person who creates book joy by pulling a book from a shelf handing it to someone and saying You ve got to read this You re going to love it

TeacherCraft: How Teachers Learn to Use MineCraft in Their Classrooms Seann Dikkers, et al., 2015 Teacher Craft is about how teachers learn to use new digital media Teacher learning is central to reform and change across subject areas and age levels but how much do we really know about how teachers learn to try new lessons in classrooms Minecraft is currently the game of choice for millions of youth and also for these seventeen teachers who claim it has transformed their classrooms Its rapid adoption also provides a unique window of opportunity to look inside the recent memory of innovative teachers and unpack how they learned Why did they pick Minecraft More importantly how did they pick Minecraft Where did they hear about it Who do they trust for ideas How do they test new ideas Can we begin to identify the trajectories of truly innovative teachers It turns out we can and it may not be what you d expect

*How and Why to Read and Create Children's Digital Books* Natalia Kucirkova, 2018-12-03 *How and Why to Read and Create Children's Digital Books* outlines effective ways of using digital books in early years and primary classrooms and specifies the educational potential of using digital books and apps in physical spaces and virtual communities With a particular focus on apps and personalised reading Natalia Kucirkova combines theory and practice to argue that personalised reading is only truly personalised when it is created or co created by reading communities Divided into two parts Part I suggests criteria to evaluate the educational quality of digital books and practical strategies for their use in the classroom Specific attention is paid to the ways in which digital books can support individual children's strengths and difficulties digital literacies language and communication skills Part II explores digital books created by children their caregivers teachers and librarians and Kucirkova also offers insights into how smart toys tangibles and augmented virtual reality tools can enrich children's reading for pleasure *How and Why to Read and Create Children's Digital Books* is of interest to an international readership ranging from trainee or established teachers to MA level students and researchers as well as designers librarians and publishers All are inspired to approach children's reading on and with screens with an agentic perspective of creating and sharing Praise for *How and Why to Read and Create Children's Digital Books* This is an exciting and innovative book not least because it is freely available to read online but because its origins are in primary practice The author is an accomplished storyteller and whether you know as yet little about the value of digital literacy in the storymaking process or you are an accomplished digital player this book is full of evidence informed

ideas explanations and inspiration Liz Chamberlain Open University At a time when children s reading is increasingly on screen many teachers parents and carers are seeking practical straightforward guidance on how to support children s engagement with digital books This volume written by the leading expert on personalised e books is packed with app reviews suggestions and insights from recent international research all underpinned by careful analysis of digital book features and recognition of reading as a social and cultural practice Providing accessible guidance on finding choosing sharing and creating digital books it will be welcomed by those excited by the possibilities of enthusing children about reading in the digital age Cathy Burnett Professor of Literacy and Education Sheffield Hallam University
