Barrel of a Gun Al J. Venter, 2020-01-10 A colorful wide ranging memoir of danger and adventure in wars around the world Anybody who says that the pen is mightier than the sword hasn't spent time in Somalia So begins this memoir of a career spent examining warfare on the ground and as the bullets are flying While many are intrigued by these violent conflicts Al Venter feels compelled to see them in person preferably at the center of the action Born in South Africa Venter has found no shortage of horrific battles on his own continent from Rhodesia to Biafra and Angola to Somalia He has ridden with the legendary mercenary group Executive Outcomes jumped into combat with South Africa's crack Parachute Regiment the Parabats and traipsed through jungles with both guerrillas and national troops During Sierra Leone's civil war he flew in the government's lone Mi 24 helicopter gunship as it blasted apart rebel villages and convoys complaining that the Soviet made craft leaked when it rained In the Mideast he went into Lebanon with the Israeli army as it encountered resistance

from multiple militant groups including the newly formed Hezbollah. Curious about the other side of the hill, he joined up with General Aoun's Christian militias while that conflict was at its height. Touching down in Croatia during the Balkan wars and in Congo during their perpetual one as well as the Uganda of Idi Amin, Venter never lost his lust for action even as he sometimes had to put down his camera or notebook to pick up an AK 47. In his journeys, Venter associated with an array of similarly daring soldiers and journalists from Mad Mike Hoare to Danny Pearl as well as elite soldiers from around the world, many of whom he sadly relates never emerged from the war zones they entered. A renowned journalist and documentarian who has worked with the BBC, PBS, *Jane's* and other outlets, Al Venter here offers the reader his own personal experiences with combat.

*The Shadow of Arms* Hwang Sok-yong, 2014-03-04 A novel of the black markets of the South Vietnamese city of Da Nang during the Vietnam War based on the author's experiences as a self-described South Korean mercenary on the side of the South Vietnamese, this is a Vietnam War novel like no other truly one that sees the war from all sides. Scenes of battle are breathtakingly well told. The plot is thick with intrigue and complex subplots. But ultimately *The Shadow of Arms* is a novel of the human condition rather than of the exploits and losses of one side or the other in war.

**Making Trouble** Otto Von Busch, 2022-02-24 Making hacks into reality. It engages matter in ways that trespass the boundaries between the civic realm and the state, assigned laws. Even with primitive tools and skills, designing and making can break open and repurpose arrangements of power. The proof is that some crafts are so controversial: lock picking, moonshining, shoplifting, smuggling, sabotage that they need to be controlled or even outlawed. When designers and makers touch on these contested realms, they run into trouble. This highly original book explores how the material power of design and making can challenge arrangements of agency and domination. Unpacking a series of conflicting cases from illegal making to the strategic and civic use of crafts to manifest radical alternatives to the current order, it shows how designers and makers can use even basic tools to work towards more.

**Blood Gun Money** Ioan Grillo, 2021-02-23 An eye-opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords. Adam Winkler. From the author of *El Narco* and winner of the Maria Moors Cabot Prize, a searing investigation into the enormous black market for firearms, essential to cartels and gangs in the drug trade and contributing to the epidemic of mass shootings. The gun control debate is revived with every mass shooting. But far more people die from gun deaths on the street corners of inner-city America and across the border as Mexico's powerful cartels battle to control the drug trade. Guns and drugs aren't often connected in our heated discussions of gun control, but they should be. In Ioan Grillo's groundbreaking new work of investigative journalism, he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth. Grillo travels to gun manufacturers, strolls the aisles of gun shows and gun shops, talks to federal agents who have infiltrated biker gangs, hangs out on Baltimore street corners and visits the ATF gun tracing center in West Virginia. Along the way, he details the many ways that legal guns can cross over into the black market and into the hands of criminals fueling

violence here and south of the border Simple legislative measures would help close these loopholes but America s powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment Perhaps however if guns were seen not as symbols of freedom but as key accessories in our epidemics of addiction the conversation would shift Blood Gun Money is that conversation shifter
