Railway Signaling and Communications ,1908 *Federal Energy Regulatory Commission Reports* United States. Federal Energy Regulatory Commission,2005-07 **Mr Asia: The Last Man Standing** Jim Shepherd,2010-06-01 Do not think for one instant that a life of crime is glamorous and exciting It is not It is a life of degradation dishonesty misery violence and loss of liberty It has been more than 30 years since the Mr Asia drug syndicate came apart when the handleless toothless body

of Martin Johnstone was found dumped in a quarry in England The members of the syndicate were responsible for a string of dead bodies all over the world and the importation of hundreds of kilograms of heroin and marijuana into Australia New Zealand and Britain and they made tens of millions of dollars doing it In this never before heard story from the only surviving member of the syndicate James Shepherd tells of Mr Asia s rise and fall in gritty horrifying detail This is not the flashy glamourised account put forward in Underbelly but raw unadulterated truth James Shepherd was named by the 1983 Stewart Royal Commission as second in charge of the Mr Asia Drug Syndicate and was given a 25 year sentence for his role The long years spent in jail contemplating the murder and misery caused by the syndicate convinced him that the full story needed to be told as a warning to others if nothing else The result is something unique as fascinating as it is horrifying It s the real insiders account of the multi million dollar kill or be killed world of our most notorious international drug syndicate

Recasting American Liberty Barbara Young Welke,2001-08-13 Through courtroom dramas from 1865 to 1920 of men forced to jump from moving cars when trainmen refused to stop of women emotionally wrecked from the trauma of nearly missing a platform or street and women barred from first class ladies cars because of the color of their skin Barbara Welke offers a dramatic reconsideration of the critical role railroads and streetcars played in transforming the conditions of individual liberty at the dawn of the twentieth century The three part narrative focusing on the law of accidental injury nervous shock and racial segregation in public transit captures Americans journey from a cultural and legal ethos celebrating manly independence and autonomy to one that recognized and sought to protect the individual against the dangers of modern life Gender and race become central to the transformation charted here as much as the forces of corporate power modern technology and urban space
