Pownall, 2010-07-30 This is the story of Chris Pownall's life beginning from early childhood to retirement Chris' autobiography is unique because he tells his story with a slant towards the more hilarious side of his life Chris has always had a reputation for being there when things were going wrong but it's nothing to do with him really His former work colleagues will bear witness to situations involving freak weather conditions and disrupted travelling arrangements His sense of humour has seen him through many difficult situations which he managed to salvage with wit and discretion Chris enjoys humour and receives great satisfaction in giving others a reason to laugh His fifty years of continuous employment gave him great fulfilment and provided amazing opportunities for travel and experience of many industries and cultures which he shares in this account Chris has been privileged to work with some highly capable and interesting people not all are referred to in this book but this autobiography focuses upon those with whom Chris worked more closely and had the most fun Despite all the self-effacing humour the author has a serious side which has driven his search for knowledge at the forefront of sealing technology As you read these stories the author hopes that these yarns no matter how unbelievable some may seem will not cause offence as they are not intended to but will bring a smile to your face as you share in the humour of his hilarious and not so hilarious past
