Transnational Narratives and Regulation of GMO Risks Giulia Claudia Leonelli, 2021-11-04 This book provides an innovative insight into the regulatory conundrum of genetically modified organisms (GMOs) deploying transnational legal analysis as a methodological framework to explore the most controversial area of risk governance. The book deconstructs hegemonic and counter-hegemonic transnational narratives on the governance of GMO risks cutting across US law, EU law, the WTO Agreement on Sanitary and Phytosanitary Measures and hybrid standard setting regimes. Should uncertain risks be run unless adverse effects have been conclusively established and should regulators only act where this is cost-benefit effective? Should risk managers make a convincing case that a product or process is safe enough for the relevant uncertain risks to be socially acceptable? How can intractable transnational regulatory conflicts be solved? The book complements a close analysis of regulatory frameworks and case law with a more encompassing perspective on the political, socio-economic and distributional implications of different approaches to the regulation of health and environmental risks at times of globalisation. The GMO deadlock thus becomes a lens through which to investigate the underlying value systems, goals and impacts of transnational discourses on risk governance. Against this backdrop, the normative strand of analysis points to the limited ability of science and procedural deliberation to generate authentic agreement and to identify normatively legitimate solutions in the absence of pre-existing shared perspectives.

Narratives of Islamic Legal Theory Rumea Ahmed, 2012-03-15 In this book Rumea Ahmed shatters the prevailing misconceptions of the purpose and form of the Islamic legal treatise. Through a subtle interpretation of the work of major Islamic jurists, he reveals how the moral teachings of Islam were translated into a legal context in the critical formative period of Islamic law.

Narrative Analogy in the David Story Joanna G. Kline, 2024-11-18 Joanna G. Kline explores the use of narrative analogy in the biblical story of King David (1 Samuel 16, 1 Kings 2) and the narratives about Jacob, Judah and Joseph (Genesis 25-50). In her analysis, the author demonstrates that parallels in plot structure, language and motif function to develop characterization and to reinforce significant themes in these texts, including sibling rivalry and reconciliation, measure for measure punishment and divine providence. By examining the genetic relationship between Samuel and Genesis, she provides evidence of mutual influence and shows that the analogical links between David and Jacob, Judah and Joseph were strengthened as these texts were composed and transmitted over time.

How the Codex Was Found Margaret Dunlop Gibson, 2015-07-07 Excerpt from *How the Codex Was Found: A Narrative of Two Visits to Sinai* From Mrs Lewis's Journals 1892-1893. The narrative of these two journeys is of special interest because the first one that made by my twin sister Mrs Lewis and myself in 1892 led to the discovery of an early and important codex of ancient Syriac gospels as well as of three other valuable codices of later date.

while that made by us this year in company with the late Professor Bensly and his wife Mr J Rendel Harris and Mr and Mrs F C Burkitt was undertaken for the purpose of deciphering the precious manuscript to which we have alluded About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

In the Shadow of Sinai Agnes Smith Lewis,1999-06-01 IN THE SHADOW OF SINAI A STORY OF TRAVEL AND RESEARCH FROM 1895 1897 and HOW THE CODEX WAS FOUND A NARRATIVE OF TWO VISITS TO SINAI FROM MRS LEWIS S JOURNALS 1892 1893 published here in a new one volume edition were originally published in the late 1890 s to great acclaim They are not only interesting and witty travelogues but they are also a superb record of the discovery of the Syriac palimpsest and a narrative of the journeys and adventures surrounding that research The text describes a very remarkable variant of the reported spoken word of Jesus Christ Matthew xii 36 which will be of interest to all Christians and scholars

In the Shadow of Sinai Agnes Smith Lewis,1898 **How the Codex was Found** Margaret D. Gibson,2002-01-01 *The Woman Who Turned Into a Jaguar, and Other Narratives of Native Women in Archives of Colonial Mexico* Lisa Sousa,2017-01-11 This book is an ambitious and wide ranging social and cultural history of gender relations among indigenous peoples of New Spain from the Spanish conquest through the first half of the eighteenth century In this expansive account Lisa Sousa focuses on four native groups in highland Mexico the Nahua Mixtec Zapotec and Mixe and traces cross cultural similarities and differences in the roles and status attributed to women in prehispanic and colonial Mesoamerica Sousa intricately renders the full complexity of women s life experiences in the household and community from the significance of their names age and social standing to their identities ethnicities family dress work roles sexuality acts of resistance and relationships with men and other women Drawing on a rich collection of archival textual and pictorial sources she traces the shifts in women s economic political and social standing to evaluate the influence of Spanish ideologies on native attitudes and practices around sex and gender in the first several generations after contact Though catastrophic depopulation economic pressures and the imposition of Christianity slowly eroded indigenous women s status following the Spanish conquest Sousa argues that gender relations nevertheless remained more complementary than patriarchal with women maintaining a unique position across the first two centuries of colonial rule

Narrative Art & Women in the Gospels and Acts David Malick,2018-06-05 David Malick applies the hermeneutics of narrative analysis to select passages involving women in the Gospels of Mark Luke John and in the Book of Acts At times the scope of this analysis extends beyond heightened understanding of how authors presented women as significant characters and even foils to men in the narratives

The use of duality and balance in the narratives of Zacharias and Mary Nicodemus and the Samaritan Woman and Aeneas Tabatha and Cornelius focus on what the author is doing with what he is saying The use of intercalations or sandwich stories brings about heightened meaning when the stories of Jesus mother and the religious leaders or Jairus and the woman with a hemorrhage or Judas and the woman who anoints Jesus for his burial are read together in Mark A first and subsequent reading of the healing of Simon s mother in law in Mark provides the reader with the first picture of true discipleship The literary technique of a sign sermon shows logical unity to what might be considered separate units in Mark and Acts

Burgess, Benjamin Harris Cowper, 1863 **Narrative, Piety and Polemic in Medieval Spain** Alun Williams, 2024-03-21 This book presents an original perspective on the variety and intensity of biblical narrative and rhetoric in the evolution of history writing in Le n Castile during the twelfth and thirteenth centuries It focuses on six Hispano Latin chronicles two of which make unusually overt and emphatic use of biblical texts Of particular importance is the part played by the influence of exegesis that became integral to scriptural and liturgical influence both in and beyond monastic institutions Alun Williams provides close analysis of the text and comparisons with biblical typology to demonstrate how these historians from the north of Iberia were variously dependent on a growing corpus of patristic and early medieval interpretation to understand and define their world and their sense of place Narrative Piety and Polemic in Medieval Spain sees Williams examine this material as part of a comparative exploration of language and religious allusion showing how the authors used these biblical liturgical elements to convey historical context purpose and interpretation **Telling the Christian Story Differently**

Francis Watson, Sarah Parkhouse, 2020-06-25 This volume examines the counter narratives of the core Christian story proposed by texts from Nag Hammadi and elsewhere A noteworthy body of highly respected scholars examine material that

is sometimes difficult and often overlooked contributing to the ongoing effort to integrate Nag Hammadi and related literature into the mainstream of New Testament and early Christian studies By retracing the major elements of the Christian story in sequence they are able to discuss how and why each aspect was disputed on inner Christian grounds and to reflect on the different accounts of Christian identity underlying these disputes Together the essays in this book address a central issue towards the end of the second century Irenaeus could claim that the overwhelming majority of Christians throughout the world were agreed on a version of the core Christian story which is still recognisable today Yet as Irenaeus concedes and as the Nag Hammadi texts have confirmed there were many who wished to tell the core Christian story differently Those who criticized and rejected the standard story did so not because they were adherents of another religion Gnosticism but because they were Christians who believed that the standard account was wrong at point after point Ranging from the Gospels of Judas and Mary to Galatians and Ptolemy's Letter to Flora this volume provides a fascinating analysis of how the Christian story as we know it today developed against counter readings from other early Christian traditions *The American Catalog*, 1896 **How the Codex was Found** Margaret Dunlop Gibson, 2001 A vibrant tale of two journeys to St Catharine's Monastery in Mount Sinai that lead to the discovery of an ancient codex containing an old version of the Syriac Gospels
