[China's Public Diplomacy](#) Ingrid d'Hooghe, 2015-01-08 In China's Public Diplomacy author Ingrid d'Hooghe contributes to our understanding of what constitutes and shapes a country's public diplomacy and what factors undermine or contribute to its success China invests heavily in policies aimed at improving its image guarding itself against international criticism and advancing its domestic and international agenda This volume explores how the Chinese government seeks to develop a distinct Chinese approach to public diplomacy one that suits the country's culture and authoritarian system Based on in-depth case studies it provides a thorough analysis of this approach which is characterized by a long-term vision a dominant role for the government an inseparable and complementary domestic dimension and a high level of interconnectedness with China's overall foreign policy and diplomacy **Public Service Innovations in China** Yijia Jing, Stephen P.

Osborne, 2016-12-25 This edited volume presents case studies of the transformation of China's public services over the past decade in China As the country has experienced fundamental changes in its demographic economic social and environmental

structures demands on public services have been increasing tremendously and have become unprecedentedly diverse In response innovations to provide new services expand service recipients adopt new technologies engage partners and streamline service processes have been employed widely in China to increase service efficiency enhance quality enlarge coverage and improve citizen satisfaction This book examines prominent cases of public service innovations in China disclosing their causes patterns diffusion and effects These cases provide interesting evidence about the nature and effectiveness of public service innovations in China while highlighting to what extent these innovations can be explained by accepted theories and whether new theory building is needed This book will be of value to academics and policymakers seeking to understand the evolving Chinese political system **Social Media and Ordinary Life** Cara Wallis, 2025-04-29

How Chinese citizens use social media Focusing on domestic workers rural microentrepreneurs disadvantaged young creatives and young feminists Social Media and Ordinary Life is a deeply moving ethnography of how digital media infrastructures and platforms are woven into the rhythms of ordinary everyday life In choosing to foreground marginalized groups and communities Cara Wallis gently shifts our attention away from the world of social media influencers and tech centric discourses of entrepreneurial lives towards a decidedly ambivalent terrain of routine life practices Social Media and Ordinary Life argues that understanding these individual experiences of the everyday enables greater insight into larger transformations taking place in contemporary China Through long term ethnographic fieldwork across China Wallis foregrounds the entanglement of affect emotion ordinary ethical decisions and desires connected to social media as it is used for self expression self representation fights for equality maintenance of community and economic livelihood Four case studies show how social media is integrated into the articulation of affects by a wide variety of ordinary Chinese subjects disadvantaged young creatives who migrate to Beijing from rural areas and use social media to cultivate their personal aesthetics micro entrepreneurs in rural Shandong province especially women whose affective ties to the patriarchal family constrain their use of technology for economic enhancement domestic workers all women in urban homes who use social media to build community and construct themselves as ethical subjects and young feminists spread across China who engage in various types of cultural production and deploy social media in their fight for gender equality often facing social and or political marginalization in the process Amid daunting forces big data artificial intelligence massive surveillance this book centers the small showing how structural inequality the urban rural divide patriarchal gender norms and generational differences lead to contradictory or ambivalent outcomes of technology use Even so for these individuals and many others social media is deeply intertwined with aspirations for a better future *Online Film Production in China Using Blockchain and Smart Contracts* Patrice Poujol, 2019-03-04 This book explores the use of Blockchain and smart contract technologies to develop new ways to finance independent films and digital media worldwide Using case studies of Alibaba and in depth on set observation of a Sino US coproduction as well as research collected from urban China Hong Kong Europe and the USA

Online Film Production in China Using Blockchain and Smart Contracts explores new digital platforms and what this means for the international production of creative works This research assesses the change in media consciousness from young urban audiences their emergence as a potential participative and creative community within dis intermediated decentralised and distributed crowdfunding and crowdsourcing models This research proposes solutions on how these young emerging local creative talents can be identified and nurtured early on particularly those who now produce creative and artistic audiovisual content whether these works are related to film Virtual Reality VR video game graphic novels or music Ultimately a new media content finance and production platform implementing blockchain is proposed to bring transparency in the film sector and open doors to emerging artists in digital media Appropriate for both professionals and academics in the film industry as well as computer science

Creative Industries in China Michael Keane, 2013-05-06 Creative industries in China provides a fresh account of China s emerging commercial cultural sector The author shows how developments in Chinese art design and media industries are reflected in policy in market activity and grassroots participation Never has the attraction of being a media producer an artist or a designer in China been so enticing National and regional governments offer financial incentives consumption of cultural goods and services have increased creative workers from Europe North America and Asia are moving to Chinese cities culture is increasingly positioned as a pillar industry But what does this mean for our understanding of Chinese society Can culture be industrialised following the low cost model of China s manufacturing economy Is the national government really committed to social liberalisation This engaging book is a valuable resource for students and scholars interested in social change in China It draws on leading Chinese scholarship together with insights from global media studies economic geography and cultural studies
