How Obama Embraces Islam's Sharia Agenda Encounter Broadside:

How Obama Embraces Islam's Sharia Agenda Andrew McCarthy, 2010-12-07 While Americans focus on terrorism a more insidious Islamist threat to our way of life lurks It is the agenda of sharia Islam's authoritarian legal and political system The global Islamist movement aims in the words of the international Muslim Brotherhood to destroy the West by sabotaging it from within Its principal strategy is not mass murder but the exploitation of Western freedoms and the insinuation of sharia principles into Western legal systems Because those principles are hostile to our core liberties indeed hostile even to the bedrock premise that people are free to govern themselves as they see fit sharia's advance gradually undermines our culture The sharia agenda has found a friend in the Obama administration which has embraced its vanguard including the Brotherhood and the Organization of the Islamic Conference President Obama is actively abetting the Islamist platform promoting sharia in his foreign policy easing enforcement of laws that stop Islamic charities from diverting funds to jihadist terror and even sponsoring a United Nations resolution that under the guise of insulating Islam from criticism would stifle First Amendment rights

The Management of Savagery Max Blumenthal, 2019-03-26 Since the 1970s Washington has been secretly funding some of the worst terrorists in the Middle East America has supported extremists with money and hardware including enemies such as Bin Laden The Pentagon's willingness to make alliances abroad have seen the war coming home with inevitable consequences by funding training and arming jihadist elements in Afghanistan Syria and Libya since the Cold War and waging wars of regime change and interventions that gave birth to the Islamic State Such action has led to a blow back effect at home a security crisis that has seen the catastrophe of 9/11 and other terrorist threats as well as the rise of an islamophobic ethnonationalism In The Management of Savagery Blumenthal excavates the real story behind America's dealing with the world and shows how the extremist forces that now threaten peace across the globe are the inevitable flowering of America's imperial designs of a national security state And shows how this had a direct influence on the rise of the Trump presidency

United States of Jihad Peter Bergen, 2017-02-07 A riveting panoramic look at homegrown Islamist terrorism from 9/11 to the present Since 9/11 more than three hundred Americans born and raised in Minnesota Alabama New Jersey and elsewhere have been indicted or convicted of terrorism charges Some have taken the fight abroad an American was among those who planned the attacks in Mumbai and more than eighty U.S. citizens have been charged with ISIS related crimes Others have acted on American soil as with the attacks at Fort Hood the Boston Marathon and in San Bernardino What motivates them how are they trained and what do we sacrifice in our efforts to track them Paced like a detective story United States of Jihad tells the entwined stories of the key actors on the American front Among the perpetrators are Anwar al-Awlaki the New Mexico born radical cleric who became the first American citizen killed by a CIA drone and who mentored the Charlie Hebdo shooters Samir Khan whose Inspire webzine has rallied terrorists around the world including the Tsarnaev brothers and Omar Hammami an Alabama native and hip hop fan who became a fixture in al

Shabaab's propaganda videos until fatally displeasing his superiors. Drawing on his extensive network of intelligence contacts from the National Counterterrorism Center and the FBI to the NYPD, Peter Bergen also offers an inside look at the controversial tactics of the agencies tracking potential terrorists from infiltrating mosques to massive surveillance at the bias experienced by innocent observant Muslims at the hands of law enforcement at the critics and defenders of U.S. policies on terrorism and at how social media has revolutionized terrorism. Lucid and rigorously researched, *United States of Jihad* is an essential new analysis of the Americans who have embraced militant Islam both here and abroad. Washington Post Notable Non-Fiction Books in 2016

The Obama Hate Machine Bill Press, 2012-01-31 Obama was born in Kenya. Obama is a Muslim and a terrorist sympathizer. Obama is a Communist who wants to institute death panels. The extent to which these undying lies have taken hold in the American mindset shows just how ruthless, destructive, and all-powerful the right-wing machine hijacked by extremists in the media and fueled by corporate coffers has become in America. And no one has inspired such venom as our nation's current president, who has been targeted by Republicans for a uniquely insidious brand of character assassination. In his characteristic on-the-mark arguments sure to appeal to anyone on the Left or in the Center, talk show host and syndicated columnist Bill Press shows how the peculiar nature of Obama Hating subverts issue-driven debate and threatens not only the outcome of the 2012 election but the future of the American democratic system.

Communist China's War Inside America Brian T. Kennedy, 2020-06-16 The People's Republic of China and the United States are today at war. It is being fought with the use of information, politics, and finance. The Chinese believe that as in all war it would be better to win without engaging the enemy on the battlefield or having to resort to the likes of nuclear weapons if it can be avoided. To achieve this, China has engaged in a decades-long campaign to manipulate and corrupt America's ruling elite. This Broadside describes the degree to which Chinese influence has penetrated American society and what will be required to prevent Communist China from winning the struggle in which we find ourselves today.

Demonizing a President Martin A. Parlett, 2014-08-28 This groundbreaking political exposé scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country. The ascendancy of the first Black president was a watershed moment in American history. In response, Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency, othering him as a foreign and dangerous political figure. Never before has a presidential candidate been so maligned by so many in such a variety of ways, and yet won. This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it. Martin A. Parlett himself, a former campaigner for Barack Obama, examines the role identity, politics, and racialization played in the anti-Obama movement, shows how foreignization is the latest tool for political dissent, and discusses the ways in which Obama successfully used the outsider label to his own advantage. The book questions the popular and often contradictory notions of Obama as illegitimate Muslim, Marxist, Communist, socialist, Kenyan terrorist, and angry

African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001

Getting America Back to Work Andrew F. Puzder,2020-04-21 Over the last two months the COVID 19 pandemic has thrown a robust American economy into disarray completely shutting down major business sectors and putting millions of people out of work overnight With so much at stake and with all options seemingly on the table it is crucial that we commit ourselves to the long term goal of restoring the sorts of free market policies that led to the Trump Economic Boom prior to the China Virus crisis Although massive government interventions that Barack Obama pursued following the Great Recession might presently appear beneficial or even essential a return to Obama s new normal of stagnant growth would lead to disastrous and persisting economic damage We must instead return as soon as is safely possible to the Trump model of economic prosperity that produced the strongest labor market in modern history

How China's Communist Party Made the World Sick Bill Gertz,2020-04-28 The outbreak of a deadly new form of pneumonia that began in Wuhan China in December 2019 has shown the world that the regime in Beijing poses the most serious threat to world peace and freedom since the Soviet Union Early missteps by China s ruling Communist Party repressing doctors who sought to alert China and the world to the dangers of the novel coronavirus and permitting millions to travel out of Wuhan for a holiday caused the global pandemic now devastating populations and economies around the world In this important essay Bill Gertz shows how China s lies and obfuscations imperiled the world

Following Similar Paths Samuel C. Heilman,Mucahit Bilici,2024-09-10 Two academics one Jewish and one Muslim come together to show how much their faiths have in common particularly in America This book provides a braided portrait of two American groups whose strong religious attachments and powerful commitments to ritual observance are not always easy to adapt to American culture Orthodox Jews and observant Muslims share many similarities in their efforts to be at home in America while holding on to their practices and beliefs As Samuel Heilman and Mucahit Bilici reveal they follow similar paths in their American experience Heilman and Bilici immerse readers in three layers of discussion for each religious group historical evolution sociological transformation and a comparative understanding of certain parallel beliefs and practices each of which is used as a window onto the lived reality of these communities Written by two sociologists one a religiously observant American Jew and the other an American Muslim *Following Similar Paths* offers lively insider and outsider perspectives that deepen our understanding of American diversity and what it means to be religious in a modern society

The Growth Deficit James Piereson,2022-11-01 During the 1980s and 1990s European economies went through a period of slowing economic growth and high unemployment what some economists described as secular decline On the other side of the Atlantic the United States enjoyed a robust recovery during those years by reducing taxes eliminating regulations on business and tightening monetary policy Now after two decades of subpar growth the question is whether or not the American economy has entered

into its own era of secular decline This Broadside examines this troubling development recognizing that there are no easy solutions to the problem Lacking workable solutions Americans will have to adjust to a future of slow economic growth with all that implies for inter generational progress American strength abroad and political conflict at home How Obama Embraces Islam's Sharia Agenda Andrew McCarthy,2010-12-07 While Americans focus on terrorism a more insidious Islamist threat lurks It is the agenda of sharia Islams authoritarian legal and political system The global Islamist movement aims in the words of the Muslim Brotherhood to destroy the West by sabotaging it from within Its principal strategy is not mass murder but the exploitation of Western freedoms and the insinuation of sharia principles into Western legal systems Because those principles are hostile to our core liberties sharias advance gradually undermines our culture In this Broadside Andrew C McCarthy shows how the sharia agenda has found a friend in the Obama administration President Obama is actively abetting the Islamist platform promoting sharia in his foreign policy easing enforcement of laws that stop Islamic charities from diverting funds to jihadist terror and even sponsoring a United Nations resolution that under the guise of insulating Islam from criticism would stifle First Amendment rights *The Next Pandemic* Betsy McCaughey,2020-05-19 America is suffering from two public health crises One is caused by a virus The other a brutal economic shutdown is something we have brought on ourselves Both the virus and the shutdown are deadly But many more Americans will likely die from getting laid off than from the virus The shutdown wasn t caused by the virus It was a frantic response to America s unpreparedness For more than two decades a dozen official reports sounded the alarm The career pols and federal bureaucrats did nothing Message to Washington DC No more commissions and televised hearings It s time to act In this incendiary Encounter Broadside Betsy McCaughey shows how to battle the next pandemic without an economic shutdown including technologies to make workplaces healthier protections for hospital workers and severing dependence on China for medical supplies Despite the suffering there s reason for optimism America will be ready for the next pandemic Countdown to Socialism Devin Nunes,2020-09-15 The Democratic Party has changed beyond recognition Once the party of anti communism and tax cutting under President Kennedy it is now dominated by a surging socialist movement and led by a presidential candidate who vows to transform America On a near daily basis the Democrats are issuing radical proposals to socialize medicine industry and higher education So how can the Democrats win elections when their agenda is so far to the left of the American people That s easy it s because the means of public debate are being manipulated In Countdown to Socialism Congressman Devin Nunes exposes the nexus between the Democratic Party the mainstream media and the social media corporations These three entities cooperate to blast out the Democrats message and downplay their extremism while suppressing and censoring conservative points of view Tens of millions of Americans are only seeing one side of the debate The information they get from newspapers and social media is not news it s contrived content designed to help one political party and punish its opponents In the run up to the most consequential election of our lifetime read this book to learn how your information is

being skewed and regulated to force America onto the path to socialism *The Fracturing of the E.U.* Bruce S. Thornton,2017-12-05 The long simmering crises challenging the European Union have worsened with the 2008 financial crisis the influx of Middle East refugees in 2015 several bloody terrorist attacks and England s departure from the E U in 2016 Yet these are all the wages of persistent flaws in the idea of the Union itself Excessive regulations welfare and taxes impede economic growth Centralization of power in Brussels has created a democracy deficit and lessened autonomy and freedom Populations are shrinking and unvetted and unassimilated migrants have increased crime and terrorist attacks All these problems reflect the lack of any unifying set of beliefs and principles that could unite 27 diverse cultures and peoples Europe is fractured and adrift its peoples unsure for what they should fight or die for **Trump vs. the Media** Mollie Ziegler Hemingway,2017-04-25 How bad is the problem of media bias The answer can be summed up in a few words President Donald J Trump Whether you love him or hate him there s no question that Trump gained a huge amount of support for his willingness to criticize the media in harsh and unsparing terms The media seems baffled by the fact that it s lost the trust of the American people It has responded by being extraordinarily defensive and doubling down on histrionic attacks However the American system has always depended on a strong and trusted media to hold those in power accountable Journalist Mollie Hemingway looks at the impressive list of media failure that led us to this unique moment and asks Is it possible for the media to recover its credibility before it s too late *It's Time to Let America Work Again* Andrew F. Puzder,2020-08-04 As we begin the process of reopening our economy it is critical that we get back to work The economic shutdown was intended to slow the spread of a lethal virus not to permanently sacrifice our freedoms and certainly not to expand government power and fundamentally transform America During the shutdown we ve learned what that transformed America would look like and it is ugly With millions of people out of work and dependent on government lacking the dignity of a job the security of a paycheck or the opportunity for a better future depression and despair are creating an epidemic within the pandemic of suicides and drug and alcohol addiction While there are risks if we follow safety protocols and protect the vulnerable we can safely reignite our economy as we undo the lockdown eliminate policies that discourage work and enact policies that encourage hiring and growth It s time to reject the transformation to permanent government dependence and return instead to individual freedom and prosperity What to Do About the U.N. Claudia Rosett,2017-03-14 The United Nations is failing abysmally and dangerously in its mission Founded in 1945 as a vehicle to avert war and promote human dignity and freedom the U N has instead become a self serving and ever expanding haven of privilege for the world s worst regimes rife with bigotry fraud abuse and corruption both financial and moral Yet the American foreign policy community treats it as taboo to speak seriously about sidelining supplanting or leaving the U N The usual argument is that the U N may be imperfect but it s all we ve got In this Broadside Claudia Rosett explains why the U N s basic design means it cannot really be reformed and why it is becoming ever more urgent to seek alternatives Rosett argues that it s time to break

the taboo and to bring fully into America's foreign policy debates the question of how to dispense with the U N altogether
