**Smithsonian Contributions to Knowledge. Contributions to the Natural History of the Fresh Water Fishes of North America** Charles Girard, 1850 *Contributions to the Knowledge of the Life History of Pinus with Special Reference to Sporogenesis, the Development of the Gametophytes and Fertilization* Margaret Clay Ferguson, 1904 **Contributions of Africa's Indigenous Knowledge to the Wave of Digital Technology: Decolonial Perspectives** Niyitunga, Eric Blanco, 2024-04-09 Africa's contributions to global technological advancements are often overlooked with many scholars claiming that the continent has yet to contribute significantly to digital technology This misconception stems from a need for more understanding and recognition of Africa's indigenous knowledge and its role in shaping the modern world The education curriculum inherited from colonialism must differentiate Africa's values and culture from Western ideals leading to a devaluation of Africa's mineral wealth in technological advancements Additionally the impact of historical events such as the Atlantic slave trade and colonialism on Africa's indigenous knowledge remains largely unexplored further contributing to the misunderstanding of Africa's technological contributions Contributions of Africa's Indigenous Knowledge to the Wave of Digital Technology Decolonial Perspectives offers a comprehensive exploration of Africa's indigenous knowledge and its crucial role in the Fourth Industrial Revolution 4IR By taking a decolonial perspective and examining the literature on African Studies the book aims to shed light on Africa's significant contributions to digital technology Through a qualitative research design and an exploratory approach the book will collect and analyze data from secondary sources to showcase Africa's rich technological advancements and history of innovations *Smithsonian contributions to knowledge*, 1876

**Smithsonian Contributions to Knowledge** Smithsonian Institution, 1871 **Smithsonian Contributions to Knowledge** Smithsonian, 1848 *Smithsonian Contributions to Knowledge* Hilgard (Eugene W.), 1872 *Contributions to Alternative Concepts of Knowledge* Hebe Kuhn, Michael Vessuri, 2016-09-01 In the past the European social sciences labelled and discredited knowledge that did not follow the definition for scientific knowledge as applied by the European social sciences as an alternative concept of knowledge as indigenous knowledge Perception has changed with time Not only has indigenous knowledge become an entrance ticket to the European social science world but the indigenization of European theories is seen by some as the contribution of peripheral social sciences to join the theories of the centers This book offers contributions to the discourses about alternative concepts of knowledge inviting the reader to decide if they are alternative

indigenous or European types of knowledge However in order to make this decision the reader must know what the nature of the European concepts of science and of scientific knowledge is this might be a motivation to read a book that presents thoughts claiming to be alternative concepts of knowledge alternative to the European concept of science
