

# A House for Hermit Crab

Hermit Crab moves out of his small shell on the sea floor, in search of a new residence. When he finds a bigger place, a sea anemone offers to move in with him; a starfish agrees to decorate the joint. A snail and a sea urchin are employed for cleaning and protection, a lantern fish for lighting and smooth pebbles are used for a wall. Hermit lives happily for a while, until it is time to move again, to a still larger place.
