How Do You Fight a Horse-Sized Duck? William Poundstone, 2021-06-08 Learn how to succeed at interview mind games and win job offers at A list companies with more than eighty difficult and devious questions puzzles and brain teasers Each year about 28 million Americans begin a search for a new job Many more live in the age of the permanent job search their online profiles eternally awaiting a better offer Job seekers are more mobile and better informed than ever aspiring to work for employers offering an appealing culture a robust menu of perks and opportunities for personal fulfillment and advancement The result is that millions of applications stream to the handful of companies that regularly top listings of the best companies to work for Apple Netflix Amazon Alphabet Disney SpaceX Oracle Pricewaterhouse Coopers and others Tesla has received as many as 200 applications for each open position How do selective employers choose which people to hire It's through interviews asking uniquely demanding questions testing imagination persistence and creativity like Can an astronaut throw a baseball so it hits Earth If you had 2 000 how would you double it in 24 hours How is a milk carton like a plane seat Chicken McNuggets come in boxes of 6 9 and 20 What's the largest number of McNuggets that McDonald's can't sell you How many dogs in the world have the exact same number of hairs How Do You Fight a Horse Sized Duck explores the new world of interviewing at A list employers It reveals more than eighty notoriously challenging interview questions and supplies both answers and a general strategy for creative problem solving

Brain Teasers for Clever People Kiran Srinivas, 2002 To succeed in life you must think outside the box This cliché is used to describe creative non standard approaches to problem solving But how does one learn to think outside the box Unfortunately there is no simple answer Author Kiran Srinivas believes that you can significantly improve your thinking abilities and this book will force you to think in ways you never have before By sheer practice you can increase your ability to think creatively Many of the puzzles in this book will take hours if not days to solve but be encouraged a middle school education is sufficient to answer almost all of the puzzles There are many interview puzzles and if you plan to interview at an investment bank consulting firm high tech firm or in any other related field absorb what Brain Teasers has to offer as it can be the deciding factor in getting that offer

Investigating the Validity of Brainteaser Interview Questions Marie Childers, 2020 How to hire the best employees is one of the central challenges faced by organizational researchers Organizations have tried to find new ways to assess important applicant characteristics and prevent faking One such method the brainteaser interview has been anecdotally cited as measuring these characteristics but little research has

been conducted to investigate these claims Participants were randomly assigned to one of three conditions of an online survey to test the hypothesis that scores on three types of brainteaser interviews predict participants self rated job performance over and above measures of cognitive ability and conscientiousness The moderating role of job complexity for the predictor power of brainteaser interview questions was also examined Results indicate that brainteaser interview questions particularly oddball questions are predictive of these applicant characteristics but primarily through their covariation with other typical selection assessments Job complexity however was not found to moderate relations between scores on brainteaser questions and job performance ratings Further results showed that applicants have strong negative reactions to being asked brainteaser questions in an interview Recommendations for application limitations and future research avenues are also discussed

241 Real-World Brain Teasers. Invent and Discover, 2021-11-18 Enjoy figuring out creative solutions to real world problems that have led to important inventions discoveries and innovations throughout history Do you love trivia quizzes but wish these didn't rely so much on useless facts that you either know or you don't leaving no room for actual thinking Do you enjoy logic puzzles but want to learn something more valuable than just getting correct answers to abstract theoretical problems Something more practical and fundamental This book aims to change the game The problems in this book are related to erudition in fundamental areas nature technology business science how things work or why things are made in a certain way But unlike in trivia or jeopardy you most probably do not know the answer Instead logic out of the box thinking or intuition leap should be added to your general knowledge to puzzle out the correct solution Experience walking in the footsteps of discoverers inventors and innovators through taking on real world problems that challenge you to tap into lateral thinking and creativity In this book you will find 241 engaging problems across 12 fascinating topics Ingenious Inventions Business Innovations Nature Science Historical Happenings Folk Wisdom from different cultures around the world and many more All problems have additional hints which make it much easier to brainstorm Answers have explanations going beyond fun facts providing more insight and subject matter knowledge Chapters are arranged by difficulty and subject so you have complete control over how you play An easy to navigate format eliminates the need to flip back and forth between sections helping you keep the fun going and avoid accidentally stumbling upon answers Each version of the book ebook paper book audiobook has its distinct structure All content is family friendly and is ideal for adults and advanced teenagers The Easy Problems chapters also work for gifted children Children are often very good at ideation idea generation and solving problems creatively Most stumpers of this book can be used as a mind game regardless of age education or background Solo or in a team See inside for a link to download your FREE Bonus eBooks Sharpen your logic improve your analytical abilities enhance your creativity and develop your lateral thinking skills all while having fun and learning more about the world around you
