How Medicaid Fails The Poor Encounter Broadside:

How Medicaid Fails the Poor Avik Roy, 2013-11-12 Medicaid America's government run health insurance program for the poor should be a lifeline that provides needed health care to Americans with no other options Surprisingly however it doesn't The medical literature reveals a 450 billion a year scandal that people on Medicaid have far worse health outcomes than those with private insurance and no better outcomes than those with no insurance at all Why is this so In *How Medicaid Fails the Poor* Avik Roy explains how Medicaid's clumsy design and perverse incentives make it hard for people on Medicaid to get the medical care they need Medicaid doesn't reimburse doctors or hospitals for the cost of caring for Medicaid enrollees forcing many doctors to opt out of the program The Affordable Care Act otherwise known as Obamacare doubles down on this broken system Roy shows us that there are better ways using private insurance to provide needed care to our poorest citizens

A Culture of Engagement Cathleen Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny's articles from *Commonweal* magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

America, History and Life ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *Why Redistribution Fails* James Piereson,2015-10-13 Democratic presidential candidates including Hillary Clinton and Bernie Sanders along with progressive economists like Thomas Piketty and Paul Krugman have made a case for redistributing income from the wealthy to the poor as a means of reducing inequalities in income and wealth Meanwhile public opinion polls show that voters reject programs of redistribution in favor of policies designed to promote overall economic growth and job creation While voters are concerned about inequality they are more skeptical of the capacity of the government to do anything about it without making matters worse for everyone In this Broadside James Piereson explains why the voters are right and the progressive politicians and economists are wrong As he demonstrates the progressive case is based upon a serious fallacy it assumes that the government is actually capable of redistributing income from the wealthy to the poor For reasons of policy tradition and constitutional design this is not the case The United States currently has one of the more progressive income tax systems in the industrial world but it does little to redistribute income from the wealthy to the poor One reason for this is that though the government spends vast sums on programs to aid the poor most of these funds flow to providers of services rather than to the poor themselves Thus whatever one may think of inequality redistributive tax and spending policies are unlikely to do much to ameliorate it but will instead line the pockets of providers and advocates who wield great influence in Washington The Human Side of Medicaid Georgia.
