Bridge for Everyone D. W. Crisfield, 2023-10-01 Bridge is a famously challenging card game one that's next to impossible to learn without a whole host of visual aids But books on the subject all too often seem to ignore this Enter Bridge for Everyone which takes a step by step visual approach to explaining the game clearly to beginners and intermediates With 400 full color photos it begins with the rules and the fundamentals of bidding play defense and scoring Not only does it give you what it takes to hold your ground no matter what your hand it then takes the bidding up a notch by introducing more techniques and strategies for winning

Knack Chess for Everyone Al Lawrence, Lev Alburt, 2010-04-13 Chess is a refreshing pastime for most players and an all encompassing obsession for a few And yet much of chess literature heavy on notation low on useful illustrations frustrating for the beginner is directed at those already in the know Knack Chess for Everyone provides an alternative a clear understandable and fun entry into chess that doesn't ignore the complexities and challenges Photographs of actual game boards often paired with a diagram represent the perspective of the player looking at the pieces The book clearly explains the rules of play and movement of pieces and then gradually introduces various tactics and strategies *Lady's Realm*, 1904
