reggae that flourished during reggae's golden age of the late 1960s through the early 1980s. Dub involves remixing existing recordings electronically, improvising sound effects and altering vocal tracks to create its unique sound. Just as hip hop turned phonograph turntables into musical instruments, dub turned the mixing and sound processing technologies of the recording studio into instruments of composition and real time improvisation. In addition to chronicling dub's development and offering the first thorough analysis of the music itself, author Michael Veal examines dub's social significance in Jamaican culture. He further explores the dub revolution that has crossed musical and cultural boundaries for over thirty years, influencing a wide variety of musical genres around the globe. Ebook Edition. The Rock And Roll Book Of The Dead David Comfort, 2009-08-25. Once you're dead, you're made for life. Jimi Hendrix, Hendrix, Janis Morrison, Elvis, Lennon, Cobain, Garcia. Their reckless brilliance held the key to their self-destruction. Their deaths had much in common and surprisingly so did their lives. From lonely childhoods marred by loss to groundbreaking music and turbulent careers that ended tragically and suspiciously, David Comfort explodes the myths as he probes the sinister roles of Hendrix's manager and girlfriend in his death and subsequent cover-up. The bizarre odyssey of Jim Morrison's corpse. Why Kurt Cobain was worth more dead than alive to Courtney Love. The twisted motives that caused John Lennon to sail through the Devil's Triangle to Bermuda, nearly going down in a storm shortly before he was fatally shot. The crippling disease and miracle drug that drove Elvis to suicide. Charismatic and gifted but also isolated and conflicted, these are not the rock icons you thought you knew. Here are their larger-than-life stories of turmoil and excess that led to their early deaths and ultimate immortality. It's a wild ride to the other side of fame. Fame is the soul-eater. Jerry Garcia. Everybody loves you when you're six feet in the ground. John Lennon. Includes Rare Photos. David Comfort is the author of
