Hedge Fund Strategies Ronald A. Lake,1999 This 2nd revised edition includes expanded introductory information plus new chapters covering hedge funds and emerging markets convertible arbitrage opportunistic investing investors strategies opportunities and pitfalls risk control techniques and the impact of investment technology *Create Your Own ETF Hedge*

Fund David Fry,2011-01-04 Many investors are intrigued by the profit potential of today s hedge funds but most feel like they re on the outside looking in due to the high investment requirements and complexity of these vehicles Create Your Own ETF Hedge Fund allows you to break down these barriers and effectively operate within this environment By focusing on the essential approaches of global macro long short and aggressive growth this book will help you create a fund that can take advantage of both bullish and bearish conditions across the globe Stocks on the Move Andreas Clenow,2015-06-10

Beating the stock market isn t very difficult Yet almost all mutual funds consistently fail Hedge fund manager Andreas F Clenow takes you behind the scenes to show you why this is the case and how anyone can beat the mutual funds Momentum investing has been one of very few ways of consistently beating the markets This book offers you a unique back stage pass guiding you through how established hedge funds achieve their results The stock markets are widely misunderstood Buying and selling stocks seems so simple We all know what stocks are and what the companies produce We re told that stocks

always go up in the long run and that everyone should be in the stock markets Oversimplifications like that can end up costing you In the long run the major stock indexes show a performance of five to six percent per year For that return you will have to bear occasional losses of over half your capital and be forced to wait many years to recover your money Yes in the long run stocks do go up But the story isn't that simple Stocks on the Move outlines a rational way to invest in the markets for the long term It will walk you through the problems of the stock markets and how to address them It will explain how to achieve twice the return of the stock markets at considerably lower risk All rules and all details will be explained in this book allowing anyone to replicate the strategies and research Andreas F. Clenow is the chief investment officer and partner of ACIES Asset Management based in Zurich Switzerland Starting out as a successful IT entrepreneur in the 90s boom he enjoyed a stellar career as global head of equity and commodity quant modeling for Reuters before leaving for the hedge fund world Having founded and managed multiple hedge funds Mr. Clenow is now overseeing asset management and trading across all asset classes He is the author of best selling and critically acclaimed book *Following the Trend* and can be reached via his popular website www.FollowingTheTrend.com
